

McLAREN SPECIAL OPERATIONS

750S BESPOKE PRODUCT GUIDE

26.04.2023

INTRODUCTION

WHAT IS MSO BESPOKE

Beyond factory options, and beyond MSO Defined line-fit options. MSO Bespoke exists to fulfil customer inspiration for personalisation on the McLaren 750S.

This guide presents you with the options available for customers to shape their own unique McLaren 750S Coupe or Spider.

The opportunities for each option are clearly explained, alongside typical lead times. Total lead times are determined by the longest lead time item on the vehicle order from the date that your quote is accepted. If the order requires development of new materials and/or colours, lead times can increase.

All of the imagery contained within this product guide is used for illustration purposes only with may vary and change with time. Other carline images may also be used to demonstrate a feature application.

Lastly, we have included an overview of the process of ordering MSO Bespoke content. This provides clarity on the key stages to set expectations with clients. For more detailed explanation of the MSO Bespoke process please refer to 750S MSO Bespoke Ordering Guide.

Should you have any further questions please contact us by email: specialoperations@mclaren.com

INTRODUCTION

PURPOSE

- This Product Guide serves as an internal sales guide only. This Product Guide, nor the imagery contained within, should not be used for external / customer communications, nor provided to the customer or any third party outside of the McLaren network
- This document aims to provide further information on the MSO Bespoke options featured in the price list.
- This Product Guide is correct at the point of publication and may be updated by McLaren from time to time
- Any proposed updates or variations to existing products are not binding and no guarantees as to the delivery of such updates or variations shall be made or inferred

INTRODUCTION

KEY CHANGES

1. NEW: SPECTRUM PAINT THEME

- New paint theme created specifically for 750S customers.
- Available outside of BRM led Spec Sessions
- Pre-developed in 3 colourways
- Line fit
- Provides a new story, that showcases the capability of MSO crafts people and can act as a halo offering in the product range
- See Page 123

2. BESPOKE PACKS

- 3 new MSO Bespoke Packs created
- Available outside of BRM led Spec Sessions
- Limited to 14 colourways
- Line fit
- Simplifies the Bespoke product offering, giving customers an accessible entry point into Bespoke
- See Page 137

3. BESPOKE OPTIONS

- Alternative finish on the fender louvres options included
- More detailed painted interior and exterior options
- Bespoke headrest embroidery is now included within MSO Bespoke Interior (no longer available as stand alone option).
- Bespoke Process Fee introduced for lower value or single-feature orders.
- Note that Flouro paints will not longer be offered, close alternatives have been developed.
- See Page 10

BESPOKE EXTERIOR OPTIONS

BESPOKE EXTERIOR PAINT

In addition to MSO Defined paints available to order via the Retailer Portal, MSO Bespoke paints can be made available on request.

MSO Bespoke exterior paint colours are available to order via the MSO Bespoke process and can be supported within FOK -18 weeks lead time.

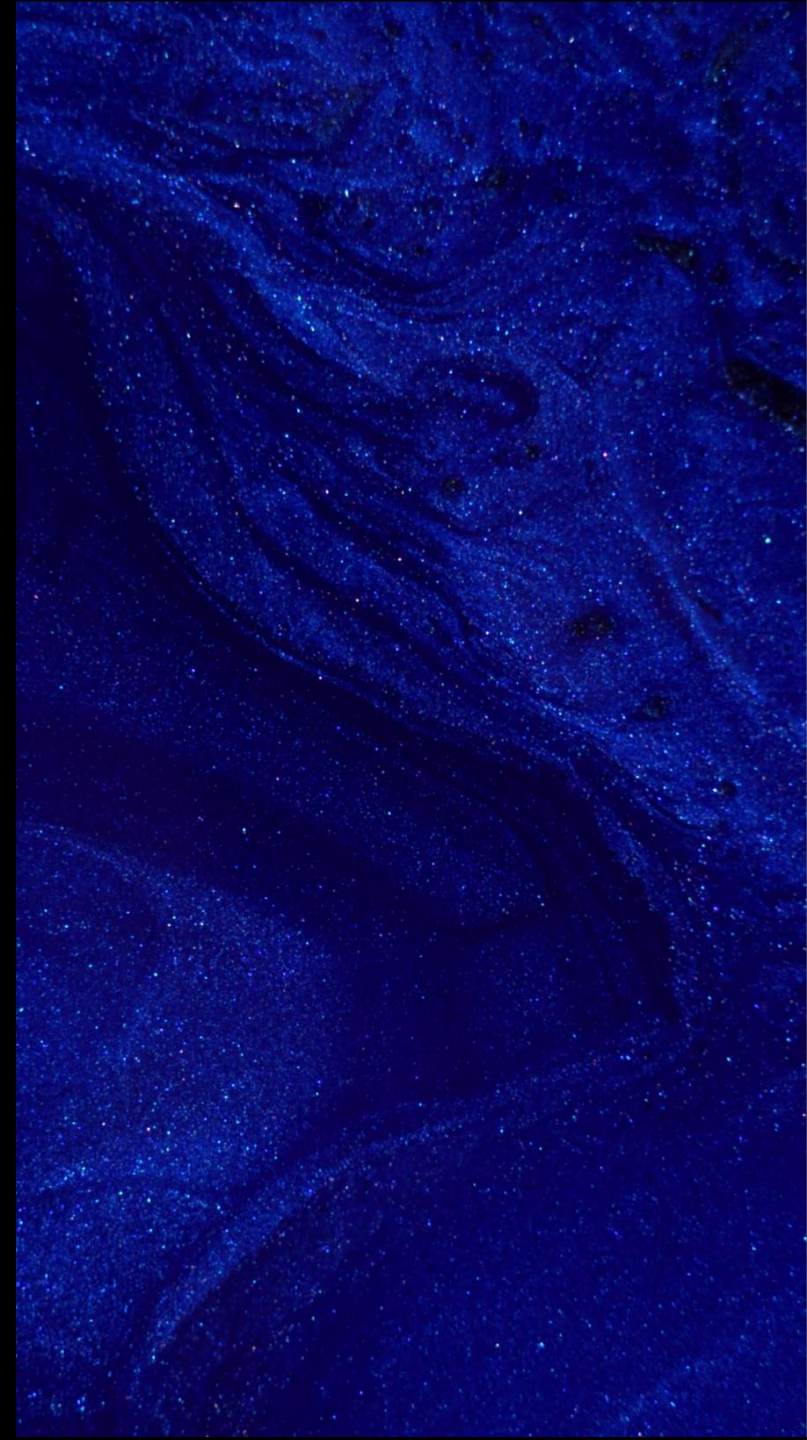

Customers can take this even further, by designing unique liveries, applying fades or pinstripes and graphics. MSO will work with you to help realise your client's vision. Designs are subject to feasibility and will be quoted based on complexity and paint process.

Please note that the price and leadtimes are different for the paints with Satin finish, Colourstream paints and Liquid paints. For more information on these paint categories please contact MSO team.

Also, a reminder that since 22MY MSO Heritage paints have been reclassified as MSO Bespoke and are charged at MSO Bespoke prices.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: NONE

BESPOKE EXTERIOR PAINT

CHOOSE FROM OVER 250 PAINT COLOURS. INCLUDING:

Please note that Storm Grey exterior paint is no longer available as a series option paint colour. It has been added to MSO Bespoke Paint Palette and can be ordered through MSO Bespoke process if requested.

LEAD TIME: 18 WEEKS*

FEATURE RESTRICTIONS: NONE

*Colourstream, Satin and Liquid paints are subject to increased lead times, capacity constraints and additional cost. MSO will advise you on appropriate lead times depending on the request.

BESPOKE EXTERIOR NEW PAINT DEVELOPMENT

With endless possibilities for Bespoke exterior paints, MSO offer a colour-to-match service. In the past, we have created exterior paints to match a vast variety of objects including helmets, historical cars, nail polish and even a pair of trainers. Please note, Bespoke paint developments may be subject to extended lead times and additional costs.

4 STAGE COLOUR-TO-MATCH PAINT PROCESS:

1. SUBMIT REQUEST

- Contact special operations with details of the colour you wish to create or colour match.

2. PAINT DEVELOPMENT

- Our paint craftsmen will work on creating a paint blend to match your exact requirements.

3. SAMPLE CREATION

- MSO will send paint samples to the retailer for review alongside a quote for the paint – this process can take on average 2-4 weeks depending on the number of sample review loops required.

4. CUSTOMER APPROVAL

- If the customer decides to proceed, this is added to the MSO Bespoke quotation for final approval.

BESPOKE EXTERIOR CARBON STRIPE PACK

Popular feature on McLaren 765LT, MSO is now offering Visual Carbon Stripe pack on 750S Coupe and Spider.

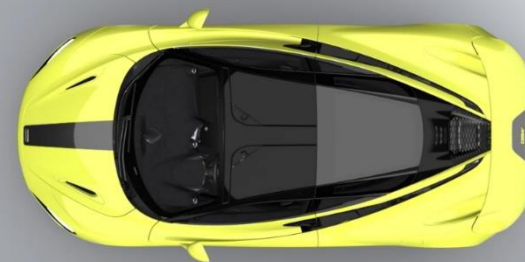

The pack includes chosen exterior colour paint application to the outer surface of Carbon Fibre Bonnet/Hood (inner surface will remain visual carbon fibre) and upper and lower Carbon Fibre Active Rear Spoiler with central stripe remaining unpainted, exposing visual carbon fibre herringbone weave. Active Rear Spoiler features a central “cut out” on the upper and lower surfaces of the active rear spoiler in visual carbon fibre with MSO Logo painted in body colour in the middle on the upper surface.

Please note that the price of this pack does not include Carbon Fibre upgrades (Bonnet/Hood and Active Rear Spoiler).

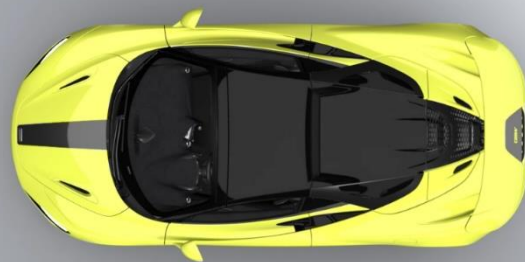

Visualised here are MSO’s recommended designs which feature in the price list.

Note, lightweight bonnet badge and carbon fibre ignition key with bespoke paintwork are frequently ordered in addition to this pack.

Please note that more intricate designs can be considered, such as an addition of the carbon stripe on the body painted tonneau. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

750S Coupe: with Carbon Stripe Pack

750S Spider: with Carbon Stripe Pack

750S Spider with an alternative Carbon Stripe Pack design AND with additional painted stripe across the tonneau [Example of a more complicated design, for which pricing and lead times will vary].

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: VISUAL CARBON FIBRE ACTIVE REAR SPOILER AND GLOSS FINISH VISUAL CARBON FIBRE HOOD ARE MANDATORY SERIES OPTIONS

750S Coupe: MSO Bespoke Carbon Stripe Pack: in Acid Green.
Callipers in Bespoke colour Acid Green (not included in the price of a Carbon Stripe Pack).

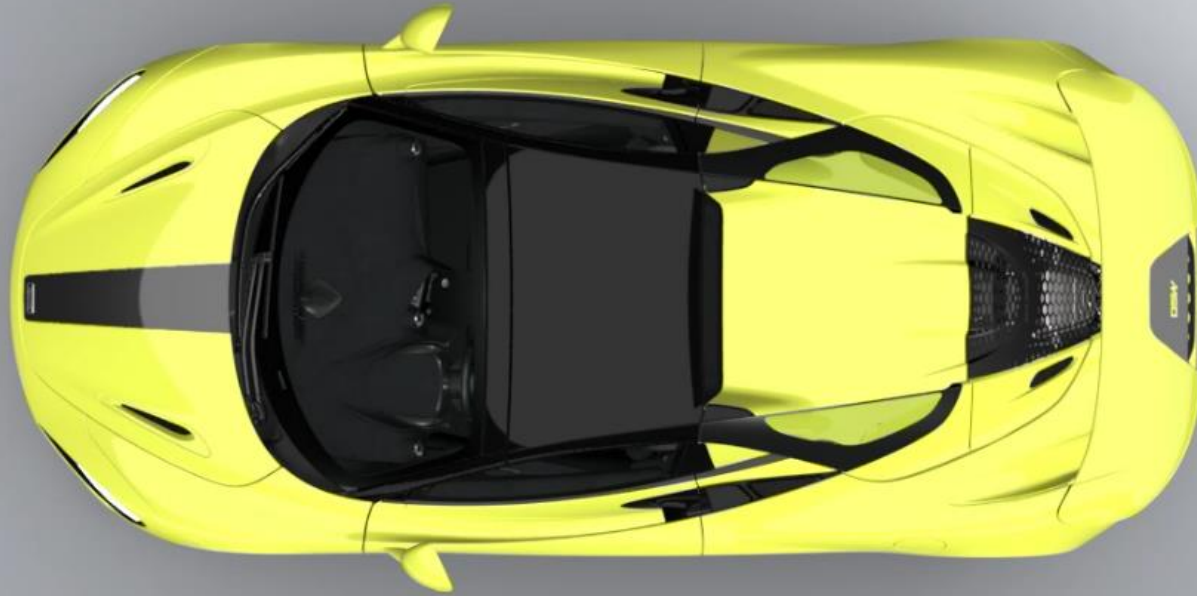

750S Spider: MSO Bespoke Carbon Stripe Pack: in Acid Green
Callipers in Bespoke colour Acid Green (not included in the price of a Carbon Stripe Pack).

750S Coupe: MSO Bespoke Carbon Stripe Pack: in Acid Green

MSO Bespoke Carbon Stripe Pack: in Acid Green with standard McLaren Badge

MSO Bespoke Carbon Stripe Pack: in Acid Green with Lightweight McLaren Badge

MSO Bespoke Carbon Stripe Pack: in Acid Green

BESPOKE EXTERIOR PINSTRIPE PACK

MSO Bespoke pinstripe pack has been developed especially for the launch of 750S Coupe and Spider. It is referred to as Pinstripe Pack 1 to manage any variations requested by MSO Bespoke customers.

Pinstripe Pack 1 includes gloss black mirror casings with painted pinstripe (without any logos), front bumper in body colour with painted pinstripe, and rear diffuser in gloss black or carbon fibre with painted pinstripe. Note that matching calliper colours are not included.

Pinstripe paint colour needs to be specified by the customer. Any body colour paint can be selected, however Coloursteam, Liquid or Satin paints are not included in the price that is shown in the price list. Any such requests would be reviewed and priced on request. Note, satin painted pinstripe on gloss painted body panel is not a feasible condition (finish on pinstripe and painted body panel must be the same).

Pinstripe Pack 1 is available in painted condition only, no vinyl variants, as line fit option (no PBM). Please note that bespoke painted Front Fender Louvres are not included in the price of the pinstripe pack, and if desired, these will need to be added as a separate bespoke option in addition to the pinstripe pack. Also note that if Carbon Fibre Rear Diffuser or Mirror Casings are configured on the base vehicle order, pinstripe will be applied onto carbon fibre surfaces.

Please note that more intricate artwork can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

Pinstripe Pack 1: Front

Pinstripe Pack 1: Rear

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: NONE

MSO Bespoke Pinstripe Pack 1: in Dove Grey and Napier Green
Callipers in Bespoke colour Napier Green (not included in the price of Pinstripe Pack 1).

MSO Bespoke Pinstripe Pack 1: in Dove Grey and Napier Green.
Callipers in Bespoke colour Napier Green (not included in the price of Pinstripe Pack 1).

BESPOKE EXTERIOR

ACTIVE REAR SPOILER

Active Rear Spoiler is a statement piece on any 750S. Bespoke painted detailing can take this that one step further through the following pre-developed and pre-priced designs. Please note that both Carbon Fibre and non Carbon Fibre variants of the Active Rear Spoiler can be painted.

Bespoke painted carbon fibre active rear spoiler: body colour upper & carbon fibre lower

Bespoke painted active rear spoiler: body colour upper & accent colour lower

Bespoke painted active rear spoiler: body colour upper & Gloss Black lower to complement Black Pack

The more intricate artwork can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs. Examples of more complicated designs are below:

Body colour upper with painted MSO logo on carbon fibre insert & carbon fibre lower or accent colour.

Bespoke painted artwork on the upper rear spoiler surface [720S pictured]

Bespoke painted artwork on the lower rear spoiler surface, continuation of stripes from the upper surface [765LT pictured]

PLEASE NOTE,
NO vinyl/sticky film application is allowed on the underside of the rear spoiler (aka rear spoiler lower) due to its effect on the vehicles' aerodynamics.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: VISUAL CARBON FIBRE ACTIVE REAR SPOILER IS A MANDATORY OPTION IF CARBON ELEMENTS ARE FEATURED.

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Visual Carbon Fibre Gloss lower. Vehicle visualised in Alaskan Diamon White body colour [MSO Bespoke Paint], with Tokyo Cyan brake callipers [MSO Bespoke Calliper colour].

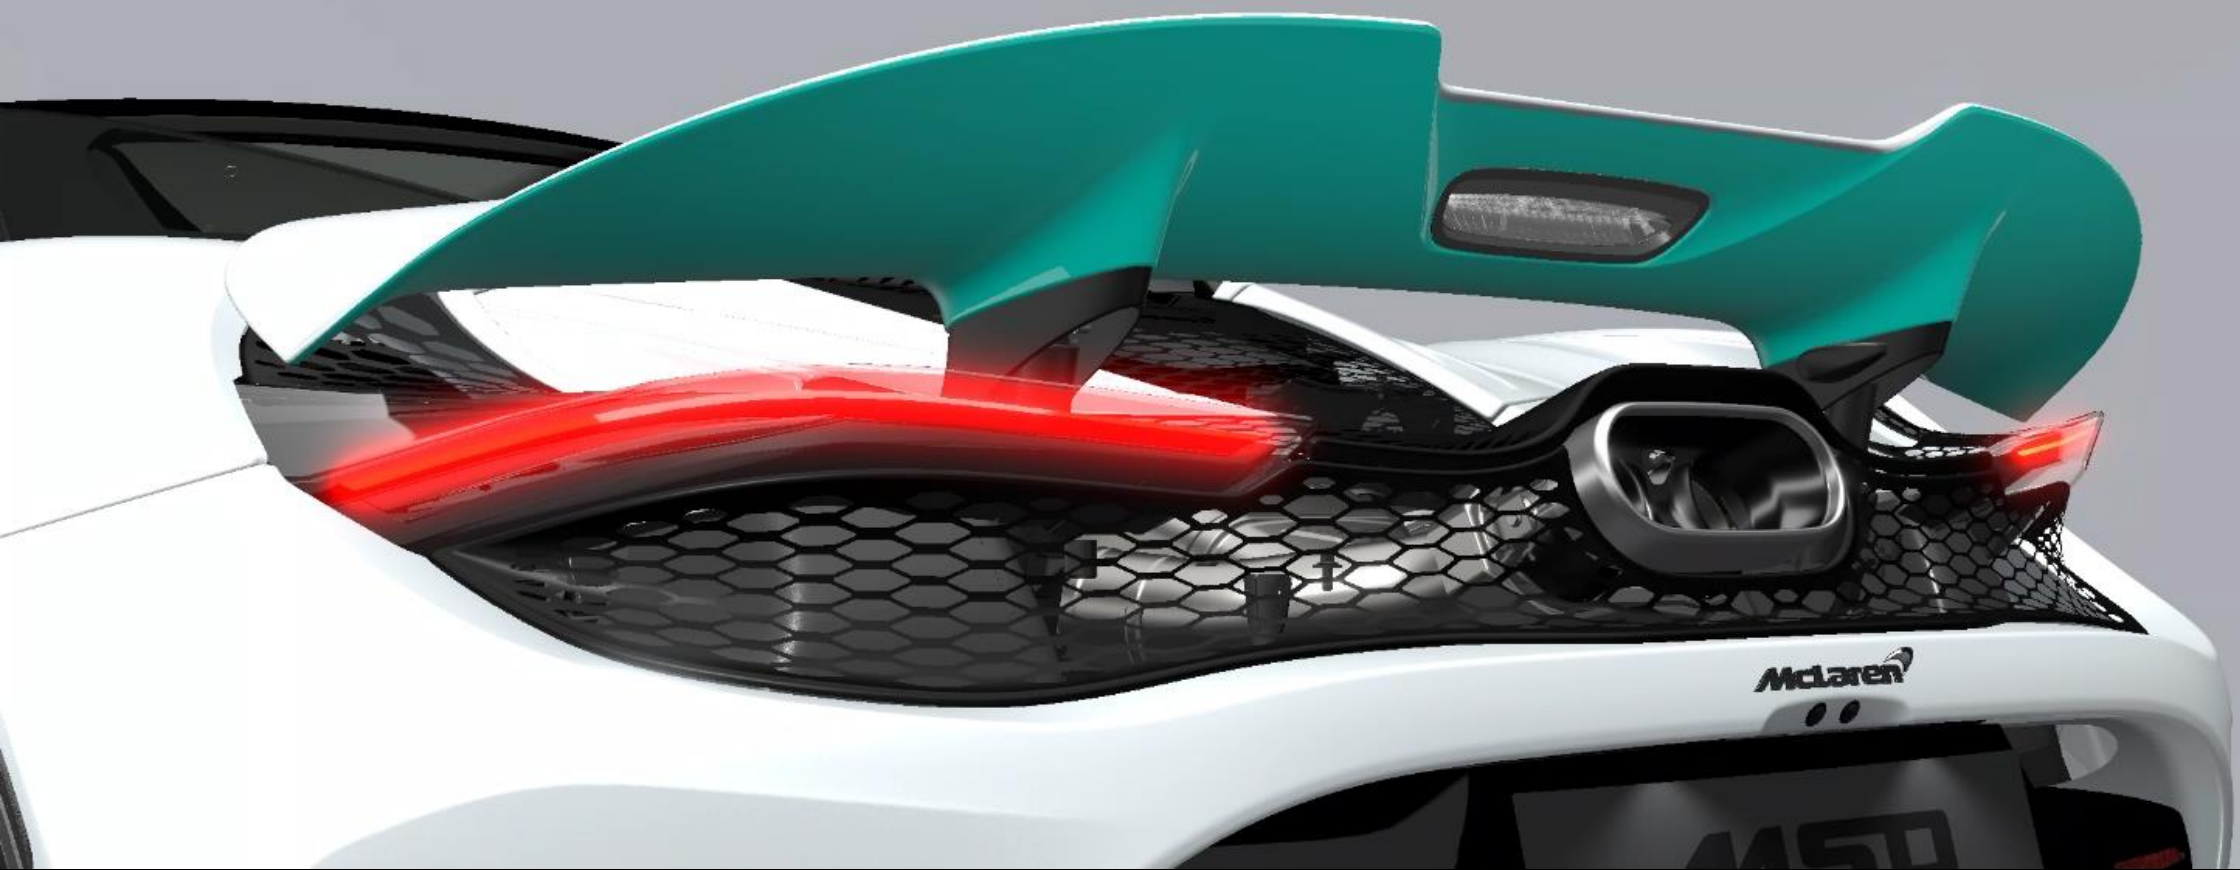

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Tokyo Cyan lower. Vehicle visualised in Alaskan Diamon White body colour [MSO Bespoke Paint], with Tokyo Cyan brake callipers [MSO Bespoke Calliper colour].

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Gloss Black lower.
Vehicle visualised in Alaskan Diamon White body colour [MSO Bespoke Paint].

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Visual Carbon Fibre Gloss lower. Vehicle visualised in Alaskan Diamond White body colour [MSO Bespoke Paint], with Tokyo Cyan brake callipers [MSO Bespoke Calliper colour].

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Tokyo Cyan lower. Vehicle visualised in Alaskan Diamon White body colour [MSO Bespoke Paint], with Tokyo Cyan brake callipers [MSO Bespoke Calliper colour].

750S Coupe: MSO Bespoke Painted Active Rear Spoiler with Body colour upper and Gloss Black lower. Vehicle visualised in Alaskan Diamon White body colour [MSO Bespoke Paint].

750S Coupe: Bespoke Painted Carbon Fibre Active Rear Spoiler: body colour upper with painted MSO logo on carbon fibre insert & carbon fibre lower. Example of a more intricate design which will be subject to a different price than the one quoted on price list.

BESPOKE EXTERIOR TONNEAU

As a Spider specific feature, it is one of the largest flat panels on the car, lending itself beautifully to bespoke painted detailing.

Tonneau in standard condition, painted gloss black

Tonneau painted in body colour [MSO Bespoke Option]

Tonneau painted in body colour with Carbon Fibre stripe, an example of a more complex design available through MSO Bespoke with higher cost and lead time than quoted on the price list.

Please note that the underside of the tonneau will be visible when the roof retracting mechanism is activated. If Bespoke painted tonneau is requested, please note that the underside of the tonneau panel will not be painted in body colour unless specified (subject to additional charge). Depending on the spec of the tonneau the underside will either remain Gloss Black or Visual Carbon Fibre.

Please note that more intricate or alternative artwork can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

750S Spider: Tonneau in standard condition, painted gloss black.
Vehicle visualised in Tokyo Pearl body colour [MSO Bespoke Paint] and Solar Yellow brake callipers [MSO Bespoke colour]

750S Spider: Tonneau painted in body colour [MSO Bespoke Option]
Vehicle visualised in Tokyo Pearl body colour [MSO Bespoke Paint] and Solar Yellow brake callipers [MSO Bespoke colour]

750S Spider: Tonneau painted in body colour with an alternative Carbon Fibre Stripe Pack design, an example of a more complex design available through MSO Bespoke with higher cost and lead time than quoted on the price list. Vehicle visualised in Tokyo Pearl body colour [MSO Bespoke Paint] and Solar Yellow brake callipers [MSO Bespoke colour]

BESPOKE EXTERIOR

FRONT FENDER LOUVRES

As part of the usual configuration process on 750S the front fender louvres painted in body colour are available to be added as a priced factory option. To alter the styling of this feature there are a number of designs available via MSO that can be considered:

Front Fender Louvres in exposed gloss or satin carbon fiber (gloss variant visualised)

Front Fender Louvres painted gloss black

Front Fender Louvres painted gloss black with a pinstripe in accent colour (recommended addition to the MSO Pinstripe Pack). Please note that the priced pinstripe option includes the louvre being painted gloss Black or exposed as VCF.

Front Fender Louvres painted in accent colour

The above MSO Bespoke options are pre-developed and are included in the 750S price list.

Please note that more intricate artwork can be developed. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

MSO Bespoke Painted Front Fender Louvres in exposed gloss or satin carbon fiber [gloss variant visualised].

BESPOKE EXTERIOR WHEELS

A number of bespoke wheel finishes can be selected through MSO. Please note that the pricing for this option only includes the bespoke painting process, it is not inclusive of the wheel style which will need to be selected separately in the order form.

Several designs have been pre-developed and are included in the price list for your consideration. Please note that certain wheels will not be able to have a consistent pinline around the perimeter due to their spoke geometry. Also please be mindful that diamond cut wheels cannot be bespoke painted.

Bespoke Painted Wheels in Velocity Bronze, available in Gloss or Satin Finish

Bespoke Painted Pinstripe on Wheel Edge, note that wheel colour change is included in the price of this option

Bespoke Painted Wheel Spokes in Accent Colour. Note that a wheel colour change only is included in this option, price of pinstripe may be subject to an additional fee, design dependednt.

Please note that more intricate artwork can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

LEAD TIME: 18 WEEKS

Additional colours and colour-to match services are also available but may be subject to increased lead times and costs.

BESPOKE EXTERIOR CALLIPERS

In addition to the calliper options that can be ordered using the McLaren retailer portal, the following page lists all the brake calliper colours that can be selected through MSO Bespoke. Each can be produced with either silver printed or black printed logo.

If machined silver McLaren logo is requested in combination with a bespoke calliper colour, such request can only be processed if ordered in combination with Track Brake Upgrade option.

This feature is available to order via the MSO Bespoke process and can be supported within standard MSO Bespoke FOK -18 weeks timeline.

COLOUR MATCHED BRAKE CALLIPERS

MSO Bespoke also offer a colour-to-match service to develop new calliper colours. This option is subject to feasibility, testing and increased lead times (minimum 21 weeks).

Napier Green Calliper Colour (MSO Bespoke) on McLaren 600LT

BESPOKE EXTERIOR

WHEEL CENTRE CAPS

Beauty is sometimes found in unexpected places.

Wheel centre cap is a small surface area but can create a truly focal point of any wheel design. Below are only a few examples of how Bespoke wheel centre caps can add beautiful bespoke detailing to your McLaren:

Bespoke painted wheel centre cap with McLaren Speedmark in Tokyo Cyan

Bespoke painted wheel centre cap with McLaren Speedmark in Gloss Black with background in Tokyo Cyan

Bespoke visual carbon fibre wheel centre cap with MSO logo in Tokyo Cyan

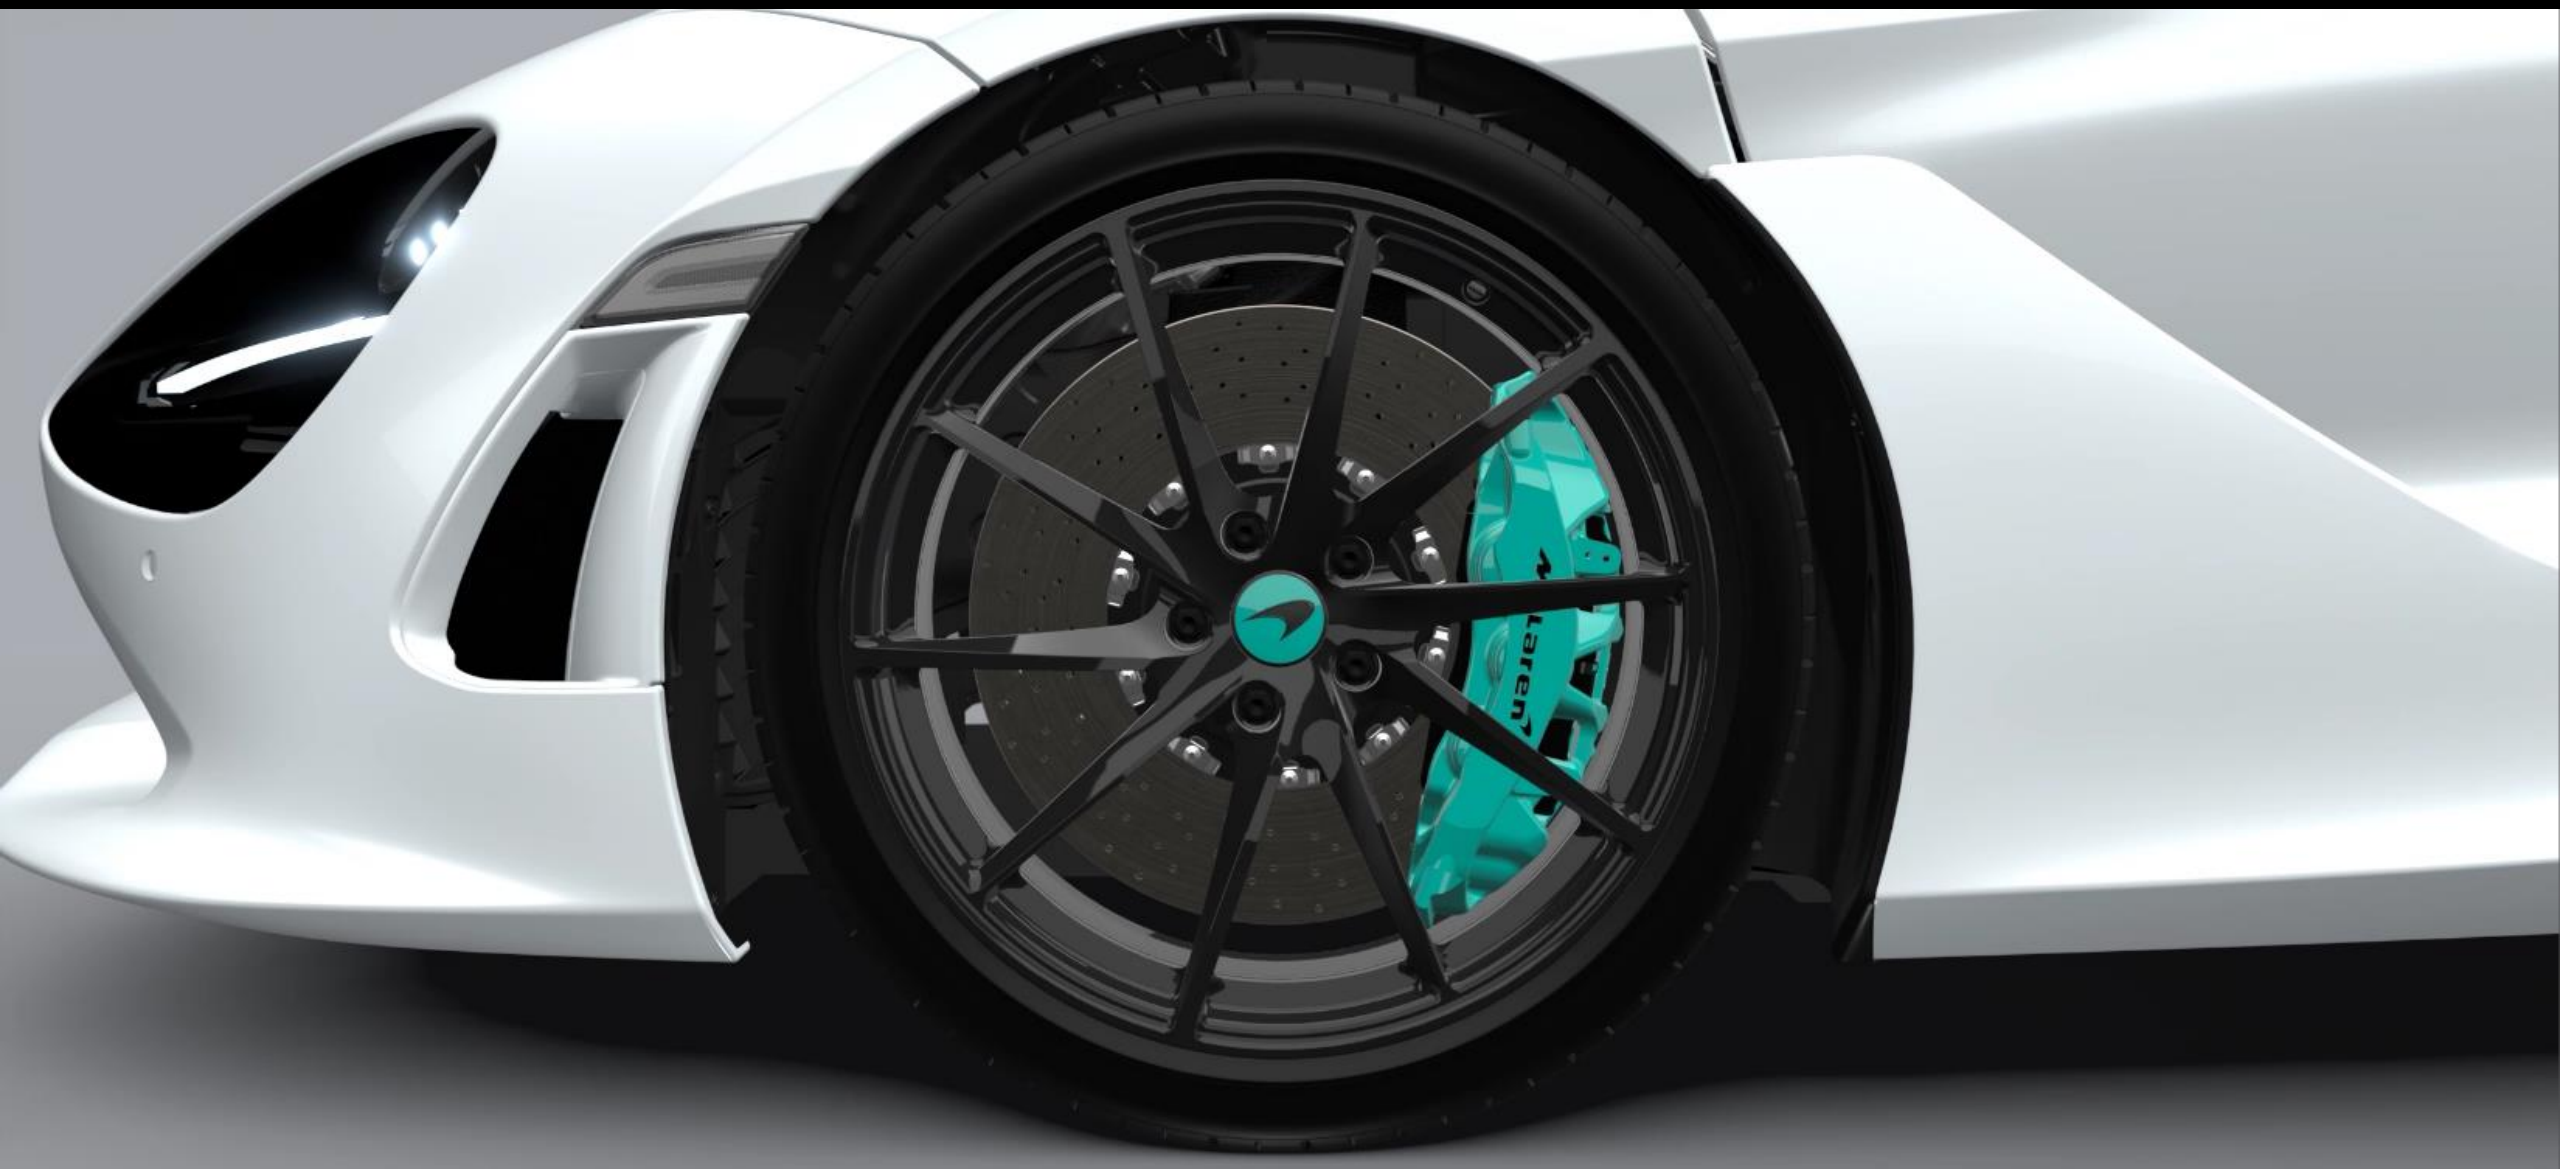

Standard Wheel Centre Cap pictured on 720S

Note, visual carbon fibre wheel centre caps can be ordered via MSO Bespoke (different geometry to standard wheel centre caps).

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: NONE

Vehicle visualised in Tokyo Cyan body colour (MSO Paint),
with Tokyo Cyan brake callipers (MSO Bespoke Calliper colour).

BESPOKE EXTERIOR

GOLD ENGINE BAY HEATSHIELD

Reference image of Gold Engine Bay Heatshield on 765LT without the rear deck and rear spoiler.

To add that special touch to your 750S Coupe or Spider, a 24ct Gold-Plated Engine Bay Heatshield is available through MSO Bespoke.

The gold-plated top surface is covered by a unique ceramic coating for improved corrosion protection and luster preservation.

The 24ct Gold-Plated Engine Bay Heatshield is clearly visible through the rear mesh and rear deck mesh components. Please note the heatshield is not visible through the glazed interior window on the 750S Coupe.

LEAD TIME: 18 weeks

FEATURE RESTRICTIONS: NONE

BESPOKE EXTERIOR ROOF SCOOP

Roof Scoop or an alternative Air Induction System is not available on 750S Coupe, nor Spider. This feature has not been engineered for application on 750S and is not planned to be offered in the future.

BESPOKE INTERIOR OPTIONS

BESPOKE INTERIOR GLOSS FINISH CARBON

Interior of 750S Coupe and Spider is specified to carry satin finish on all interior carbon fibre options as standard (except Carbon Fibre Extended sill when selected in combination with Carbon Fibre Upper Trim on 750S Spider, which remains gloss).

In instances where gloss interior carbon finish is preferred this can be optioned via MSO Bespoke. By selecting this option, all pre-selected visual carbon fibre options on the interior will switch from satin into gloss finish.

Please note that more intricate artwork can be considered on interior carbon fibre, including carbon tinting. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

BESPOKE INTERIOR

CARBON FIBRE EXTENDED SILL

Example of more complex individual graphics

Carbon Fibre Extended Sill is a configurable option with a satin finish, which provides the biggest surface area of carbon on the interior to add personalisation through either a touch of colour or your own individual graphics.

Customers can choose "MSO", "McLaren Special Operations" or "750S" or can challenge MSO with individual graphics and designs. Complex designs are subject to colour development, feasibility and additional lead times and/or costs.

Bespoke Painted Carbon Fibre Extended Sill with 750S logo in colour
[monochrome alternatives available]

Bespoke Painted Carbon Fibre Extended Sill with MSO logo

Bespoke Painted Carbon Fibre Extended Sill with McLaren Special Operations logo [monochrome application only].

Examples of more complex individual graphics: Skull in black tint on Carbon and MSO logo in velocity fade.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: CARBON FIBRE EXTENDED SILL IS MANDATORY

Bespoke Painted Carbon Fibre Extended Sill with 750S logo in colour (monochrome alternatives available)
Vehicle visualised in XP Green body colour (MSO Bespoke Paint),
with Napier Green brake callipers (MSO Bespoke Calliper colour).

BESPOKE INTERIOR

CARBON FIBRE EXTENDED SHIFT PADDLES

Extended shift paddles naturally carry a lot of intricate and tactile detailing.

Below are only a few examples of how extended paddles can be used to add beautiful bespoke detailing to your McLaren:

Bespoke Painted Extended Paddles with reverse paddle side in accent colour [Napier Green]

Bespoke Painted Extended Paddles with a pinstripe on paddle edge in accent colour [Napier Green]

Bespoke Painted Extended Paddles with + and - signs painted in accent colour [Napier Green]

We look forward to being challenged to implement your own individual graphics. Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs.

Example of a more complex design that is subject to additional costs and lead time

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: CARBON FIBRE STEERING WHEEL CLASP AND EXTENDED SHIFT PADDLES OPTION IS MANDATORY

BESPOKE INTERIOR

CARBON FIBRE WHEEL CLASP

The wheel clasp shape on 750S lends itself well to pinline accents or can be painted single colour depending on the design theme.

Below is a pre-developed example to consider:

Carbon Fibre Wheel Clasp with Bespoke Painted "V" Pinline

More complex design subject to unique costs and lead time: Bespoke painted wheel clasp with VIN number

Example of Bespoke painted wheel clasp in combination with other features on 720S.

Please note that more complex or a combination of designs may be subject to colour development, feasibility and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: CARBON FIBRE STEERING WHEEL CLASP AND EXTENDED SHIFT PADDLES OPTION IS MANDATORY

Carbon Fibre Wheel Clasp with Bespoke Painted "V" Pinline
Interior visualised with MSO Bespoke Interior: Dove Grey and Carbon Black full Alcantara interior with Flux Green Accents.

BESPOKE INTERIOR HARNESS BAR

Titanium harness bar when specified becomes a clear highlight of any interior design theme. The harness bar can be painted in any colour from the production or MSO exterior paint palettes (with exception of Colourstream and Liquid paints). All Bespoke painted harness bars come in a satin finish. An optional MSO logo painted onto the centre section of the bar can be added on request (visible on both sides of the harness bar, front and rear).

BESPOKE INTERIOR

STEERING WHEEL MARKER

MSO Bespoke provides the opportunity for the discerning 750S Coupe or Spider owner to select a 12 o'clock steering wheel marker.

A range of different colours can be selected for this option in either leather or Alcantara® (see Bespoke interiors slide for selection of colours available). If the customer has selected the Visual Carbon Fibre Steering Wheel, the marker can be applied in any paint colour, which provides the best colour match to the exterior. The carbon fibre upper rim will be configured in a satin finish as default, however this can be changed to gloss if the customer opts for gloss carbon fibre through MSO Bespoke.

Bright Green Alcantara 12 o'clock Steering wheel Marker – shown here on 600LT

Painted Centre Band on Carbon Fibre Steering Wheel Upper – single [1 colour]

Painted Centre Band on Carbon Fibre Steering Wheel Upper – double [2 colours]

Painted Centre Band on Carbon Fibre Steering Wheel Upper – triple [3 colours]

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: CARBON FIBRE STEERING WHEEL CLASP, STEERING WHEEL UPPER AND EXTENDED SHIFT PADDLES OPTION IS MANDATORY

BESPOKE INTERIOR

CARBON UPPER TRIM

A Spider specific feature. Under normal conditions this is the only carbon fibre panel in the interior which carries gloss finish due to it's connection with the gloss carbon Tonneau and capping panels. This presents an opportunity to add bespoke painted detailing which can become the centre piece of your interior design.

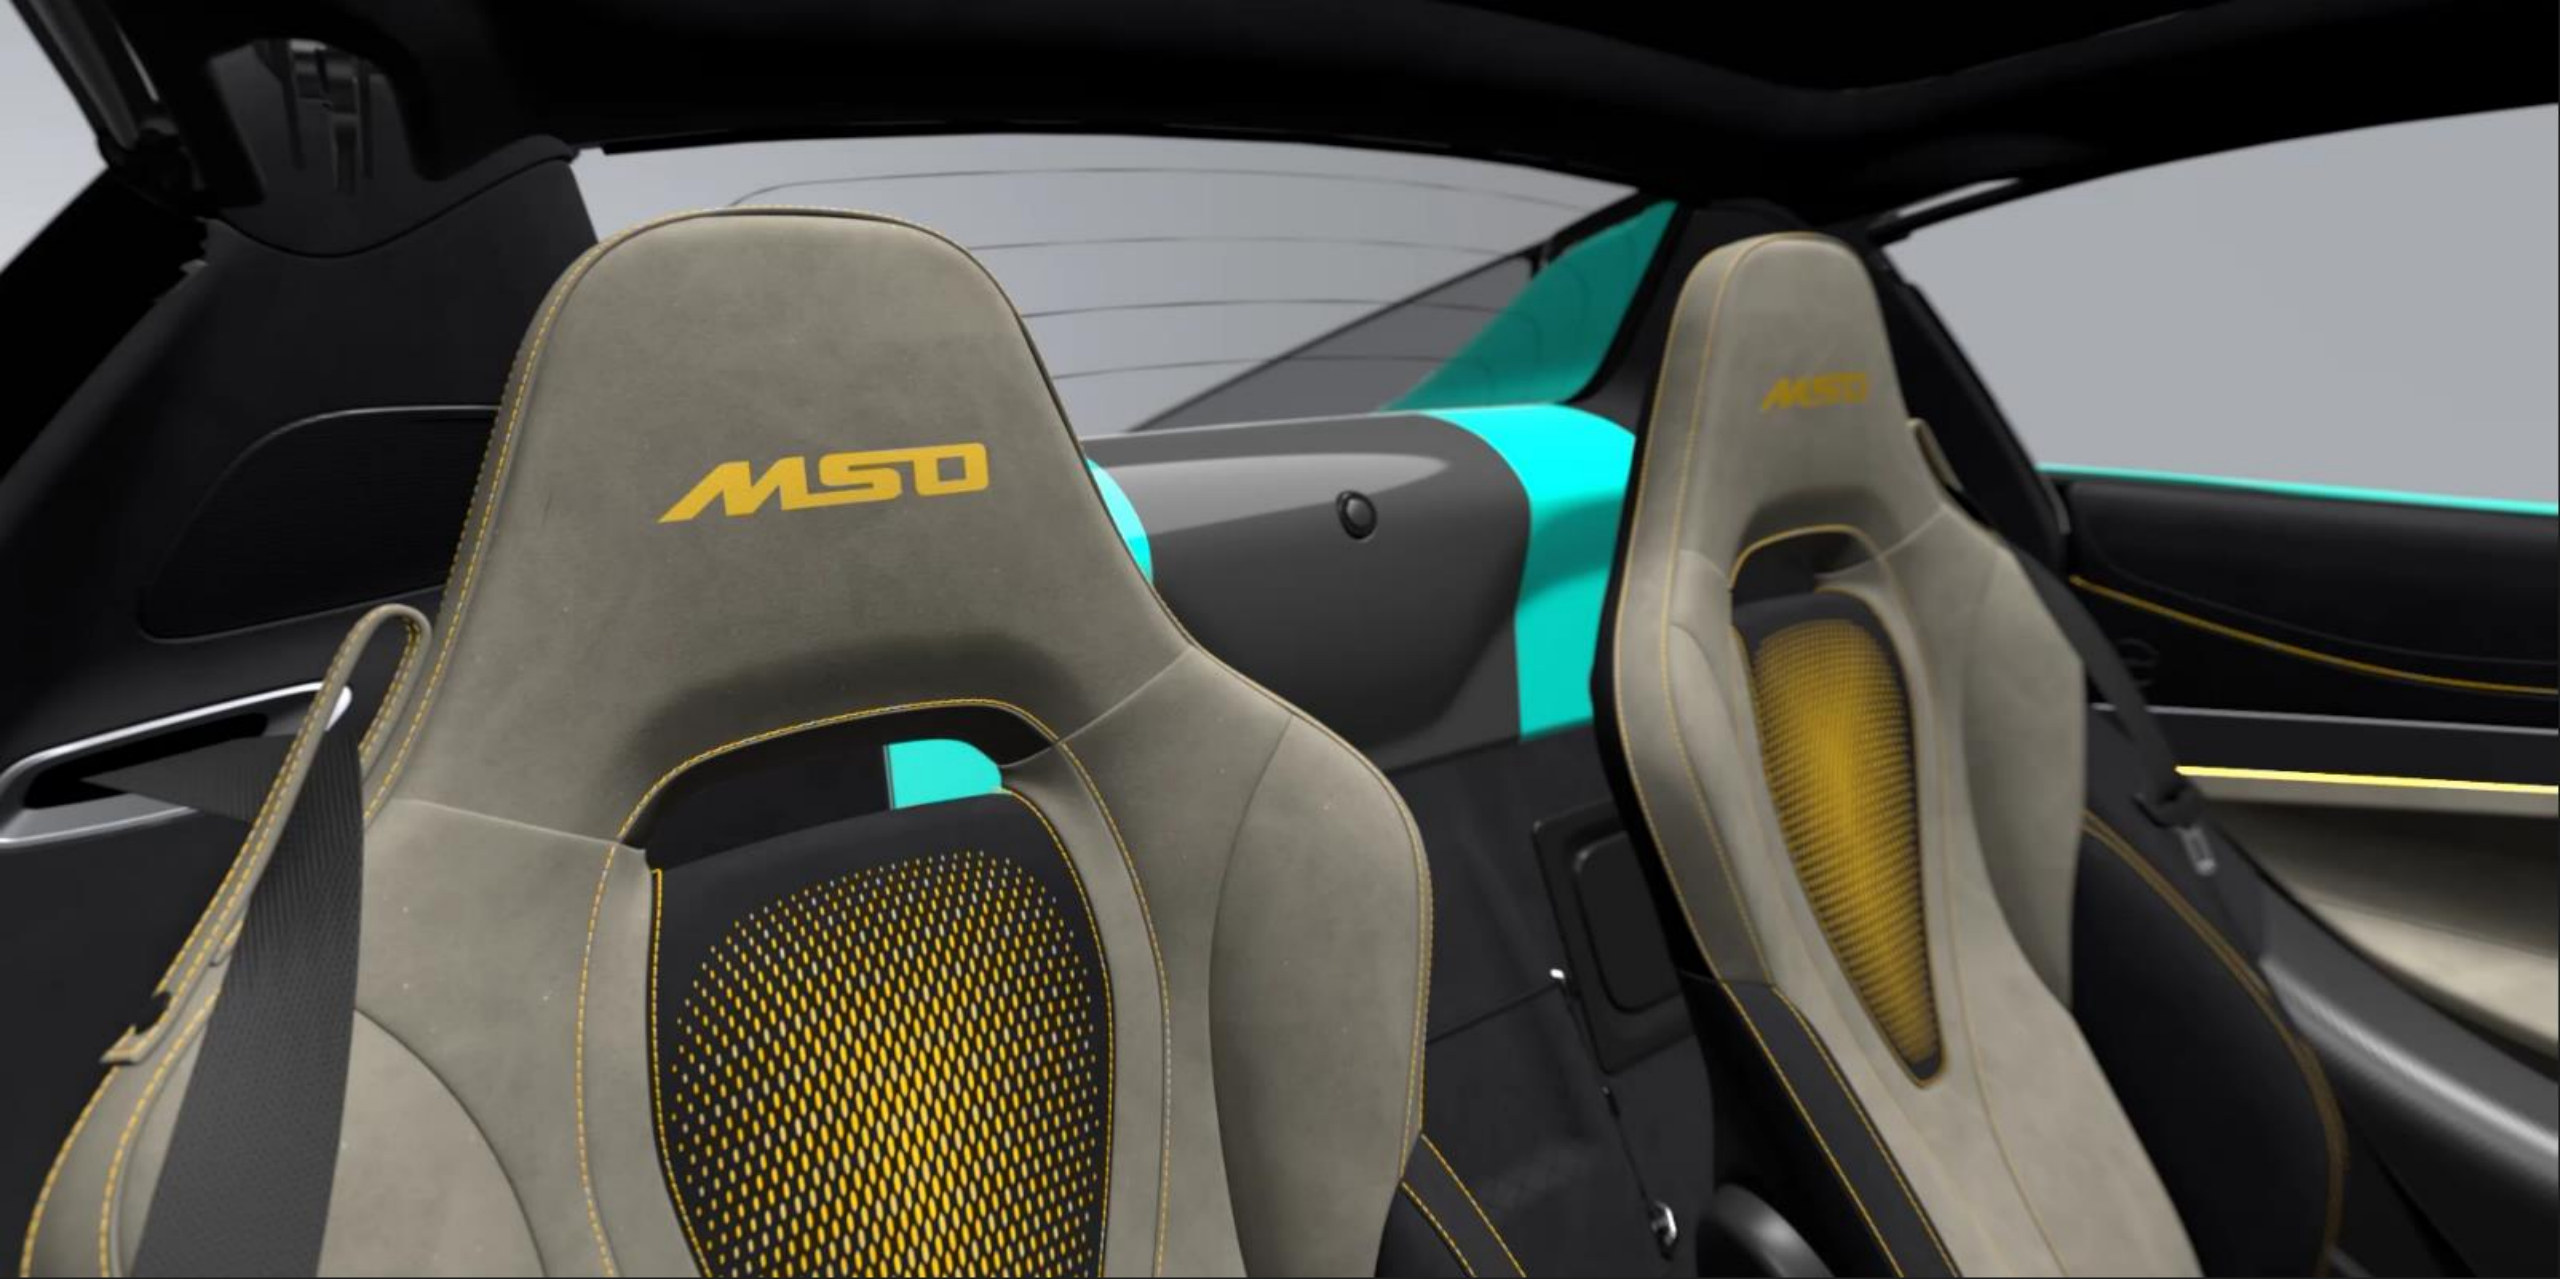

Painted carbon fibre stripe continuing from tonneau into carbon fibre upper trim

Bespoke painted detailing "VIN 012" in the centre of the carbon upper trim

Carbon Fibre Extended Upper Trim comes is usually specified with Gloss finish. This can be changed to Satin finish through MSO Bespoke process if required, please contact MSO for details on price and lead times.

Please note that more intricate artwork can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

Interior visualised with MSO Bespoke Interior: Dove Grey and Carbon Black full Alcantara interior with Yellow Accents.

Bespoke painted detailing "VIN 012" in the centre of the carbon upper trim

BESPOKE INTERIOR

CONTRAST STITCH

MSO offer clients a wide palette of contrast stitching colour options, to create a distinctive touch applied to all decorative stitch lines.

MSO can investigate any colour contrast stitch applied to decorative stitch lines within the interior. Should the client wish to have the contrast stitch applied in fewer zones, a line-drawing file will need to be completed to indicate where they should be applied.

Please note that contrast stitch price includes a bespoke embroidery on the headrest, please see next page for more information on pre-developed designs.

Bespoke Contrast Stitch option also includes the change of stitch colour on the steering wheel but will not include application of specified stitch to the floor mats, and door panel upper, rear quarter trim or B-pillar lower. If you wish to order bespoke floor mats this will need to be quoted as a separate line item – please contact MSO team for more details.

New colour developments are possible but will be subject to increased lead times and costs. Contrast stitch is applicable to all configurable seats for 750S Coupe and Spider.

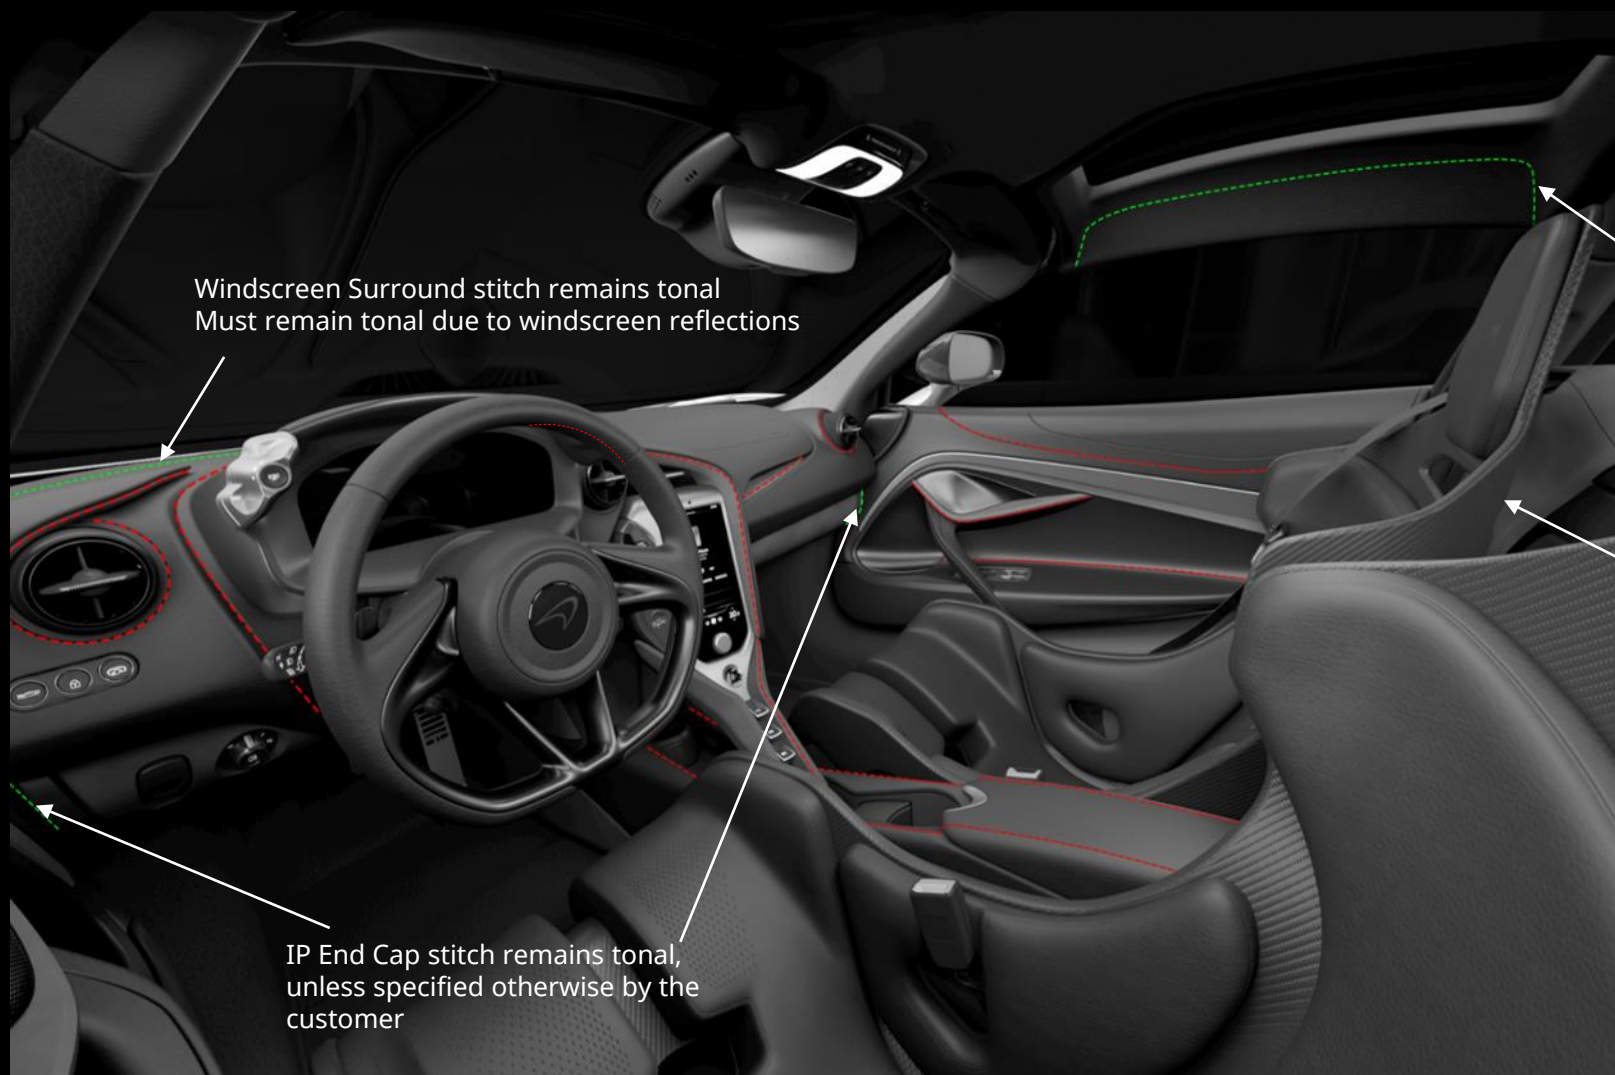

Xenon Yellow Contrast Stitch – shown here on Super-Lightweight Racing Seat

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: Does not include floor mats, if configured with carbon fibre steering wheel upper no contrast stitch on steering wheel will be present (replaced by carbon fibre rim)

FEATURE RESTRICTIONS: CAN ONLY BE ORDERD AS PART OF MSO BESPOKE CONTRAST STITCH OR MSO BESPOKE INTERIOR OPTION. NOT AVAILABLE AS STAND-ALONE-OPTION. MSO LOGO DEBOSSSED IS ONLY AVAILABLE ON LEATHER, NOT AVAILABLE ON ALCANTARA)

BESPOKE INTERIOR HEADRESTS

From 750S launch, Bespoke Embroidered or Debossed Headrests will only be available in as part of “MSO Bespoke Contrast Stitch” or “MSO Bespoke Interior” options (will no longer be available as stand-alone-option). This is due primarily due to the fact that whole seat set needs to go through non-standard process with McLaren suppliers and internal production sourcing processes.

Bespoke Embroidery and Debossing is available on all seat options in the following pre-developed designs:

Standard headrest with McLaren Speedmark emboss

Bespoke headrest with McLaren Speedmark embroidered in McLaren Orange thread

Bespoke headrest with 750S logo embroidered in colour

Bespoke headrest with 750S logo embroidered in one colour

Bespoke headrest with MSO logo embroidered in McLaren Orange thread

Bespoke headrest with MSO logo debossed into leather (not available on Alcantara)

Please note that if the headrest embroidery or bespoke debossing details are not specified (logo, embroidery or debossing, colour of thread) at the point of order with “MSO Bespoke Contrast Stitch” or “MSO Bespoke Interior” options, standard manufacturing condition to headrests will be assumed.

Please note that more intricate embroidery or debossing can be considered. Please get in touch with MSO team for further details on cost and lead times associated with alternative designs.

Bespoke headrest with MSO logo debossed into leather (not available on Alcantara)

BESPOKE INTERIOR

BESPOKE INTERIOR TRIM

MSO offers a range of colours in Nappa Leather and Alcantara®. Please find the complete selection of colours for each material in the following pages.

Please note, most Bespoke interiors will require completion of a line drawing in order to get the required level of detail for each Bespoke enquiry. This line drawing is available from MSO on request.

Important change, from the launch of 750S the price for MSO Bespoke Interior Trim includes the change to seat headrests from embossed Speedmark (standard condition) to MSO logo embroidered in coloured thread or MSO logo debossed into leather (but not Alcantara). Any new headrest embroidery designs and embroidery colours are subject to feasibility, increased lead time and cost.

If desired, MSO can investigate a customer's individual leather or Alcantara® colour request, to provide a truly Bespoke service. Please note, all leather colour developments are subject to feasibility, durability testing and increased lead times/costs.

Please note that MSO Bespoke Interior Trim has a mandatory requirement of either Performance or TechLux interior trim, factory option that must be selected in the retailer order portal. This is due to the fact that ambient lighting and engine bay lighting are not available on the standard interior trim. These are seen as mandatory features for Bespoke Interior, which cannot be added through MSO Bespoke process onto standard interior trim due to system constraints.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: PERFORMANCE OR TECHLUX INTERIOR TRIM

BESPOKE INTERIOR EXAMPLES

Bespoke Interior in Bespoke colour (Alcantara: Yellow), with the same colour application as available on Performance Interior Trim

Bespoke Interior in Bespoke colour (Alcantara: Yellow) with greater colour application, as per MSO Colour Contrast Pack 3 interior design.

Bespoke Interior in Bespoke colour (Alcantara: Yellow) with maximum colour condition; all panels that can change colour are illustrated in Yellow Alcantara.

Please note this is not a design recommendation but instead a technical illustration to highlight panels and covers which cannot change material colour.

Illustrated are examples of MSO Bespoke colour zone splits which can be curated through MSO Bespoke Interior Option.

BESPOKE INTERIOR NAPPA LEATHER

- Ember Orange
- Teal
- Dove Grey
- Ink
- Harissa Red
- McLaren Orange
- Jet Black
- Porcelain
- Tuscan Brown
- Vision Orange
- Flux Green

A new Nappa leather is being introduced with 750S launch.

MSO is in the process of conducting a leather dye development programme to return the offering of the most popular leather colours.

At launch, only the listed leather colours will be available. However please contact MSO to check on the latest leather colour availability status, as these will be developed in batches throughout the year.

If bespoke leather colour development is required, the approximate lead time is 22 weeks from agreeing on successful colour matched leather sample to the newly formulated colour leather being available to place a vehicle order with. At which point additional 18 week lead time will apply for a Bespoke Interior Trim. For more information please contact MSO.

PAINTED SLW SEAT SHELL

Especially popular option on 765LT, addition of bespoke painted detailing on the Carbon Fibre Super-Lightweight Racing Seats.

Several designs have been pre-developed to provide a starting point for inspiration.

SLW seat shell with painted centre stripe running through the drivers' seat

SLW seat shell with painted perimeter pinstripe

Example of a complex SLW Seat Shell painted design.

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs. For example, if painted SWL seat shell is requested on 750S Spider, one may consider adding a subtle painted detailing to the back of the headrest on the carbon shell.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: SUPER-LIGHTWEIGHT CARBON FIBRE RACING SEATS OPTION IS MANDATORY, NOT AVAILABLE IN AUSTRALIA AND JAPAN.

SLW seat shell with painted perimeter pinstripe

SLW seat shell with painted perimeter pinstripe with "neck bar" and harness apertures included

View 1: SLW seat shell with painted centre stripe running through drivers' seat

View 2: SLW seat shell with painted centre stripe running through drivers' seat

BESPOKE INTERIOR AIR VENTS

Interior Carbon Fibre Air vents can also carry intricate design detailing.

Several designs have been pre-developed for your consideration.

Carbon Fibre Air Vents with bespoke painted pinstripe in Napier Green

Carbon Fibre Air Vents Painted in Napier Green

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: CARBON FIBRE INTERIOR PACK IS A MANDATORY OPTION

Vehicle visualised with MSO Bespoke Interior: Dove Grey and Carbon Black full Alcantara interior with McLaren Orange accents

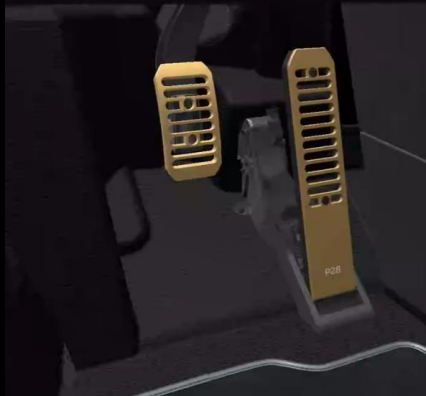

BESPOKE INTERIOR PEDALS

Accelerator and brake pedals have been a popular “easter egg” location for many bespoke customers to date.

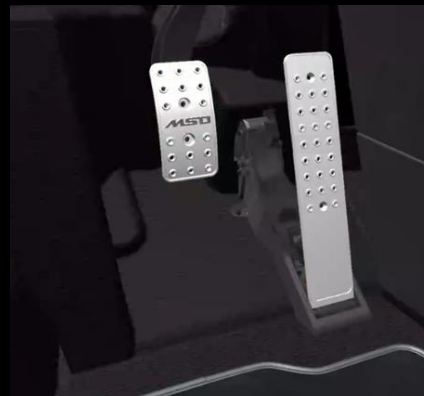

Several options have been pre-developed for your consideration:

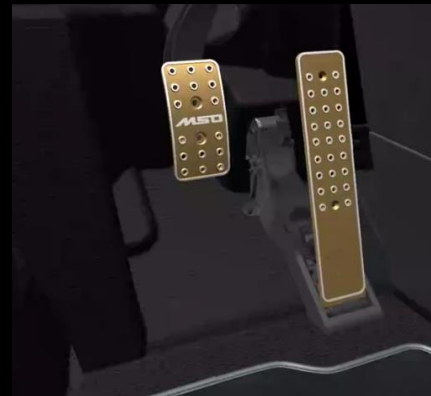

Standard pedal condition
[reference image]

Accelerator and Brake pedals in Speedline Gold colour with bespoke etching at the bottom of the accelerator pedal. Other colour options also available.

MSO Machined Heritage style pedals inspired by the F1 pedal design, in polished metal with machined MSO logo on the brake pedal.

MSO Machined Heritage style pedals inspired by the F1 pedal design, with Speedline Gold coating with machined edges and machined MSO logo on the brake pedal.

McLaren F1 Pedals
[reference image]

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: NONE

Photographed standard pedals with bespoke logo etching at the bottom of the accelerator pedal.

BESPOKE INTERIOR DEDICATION PLAQUE

MSO Bespoke dedication plaque is available for the 750S Coupe and Spider. Customers can choose the standard 750S prefix or can challenge MSO with individual graphics.

Normal practice is for the "SURREY.ENGLAND" text to be removed to create the space for the custom text.

As standard, dedication plaque is fitted to all driver side 750S Coupe and Spiders. On request MSO can fit a second dedication plaque on the passenger side of the vehicle. Precious metal options can be made available, please contact MSO for further details.

Please note that more complex designs may be subject to colour development, feasibility and additional lead times/costs. Note, that certain scripts are not permitted, such as "1 of 1" or "1 of X", or "by MSO".

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: NONE

BESPOKE INTERIOR IGNITION KEY

For the finishing touch to your 750S Coupe or Spider, MSO Bespoke offer painted or tinted ignition key backs in a single colour, or tint (for visual carbon fibre key backs).

MSO can also apply more complicated designs to the key back, This could be a design that reflects the car's exterior colour scheme and/or livery, or perhaps it's the addition of a more personal touch.

Please note complex designs are subject to feasibility, testing and additional lead times.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: PLEASE DO NOT SELECT/CONFIGURE
"PAINTED KEYS: BODY COLOUR" SERIES OPTION

Bespoke Painted Ignition Keys in single colour with ""MSO", "750S" or "Speedmark" Logo

3

MSO BESPOKE PACKS

MSO BESPOKE PACKS

INTRODUCTION

MSO Bespoke Packs have been created to:

1. Simplify the Bespoke product offering
2. Give customers an accessible entry point into Bespoke
3. Designed to support retailer led spec sessions (without support of MSO's Bespoke Relationship Manager)

PLEASE NOTE THAT THE IMAGES CONTAINED WITHIN ARE RENDERS AND ARE INTENDED TO BE USED FOR ILLUSTRATION PURPOSES ONLY. COLOURS MAY BE DISTORTED DUE TO SCREEN SETTINGS AND ILLUSTRATION EXPORT SET UP. PLEASE REFER TO PHYSICAL PAINT & MATERIAL SAMPLES PRIOR TO PLACING YOUR ORDER.

Ordering Process:

1. Create order in retailer portal (Build Slot box must be left empty))
2. 'Accept' the order and select 'MSO' box prior to submitting, this will trigger the MSO Bespoke communications process
3. In the MSO text field please specify:
 1. Pack number (1, 2, or 3)
 2. Pack colourway (Theme 1 – 14), with confirmation of exterior paint name and in case of Pack 3 an interior colourway
 3. Specify Fender Louvres condition desired: VCF or Gloss Black

MSO BESPOKE PACKS

OVERVIEW

COLOUR CONTRAST PACK 1

- MSO Bespoke Paint
- Black mirror casings with painted pinstripe
- Front louvres – painted gloss black or in gloss visual carbon fibre*
- Front fenders and louvres – body colour painted (mandatory option)

18 week lead-time

COLOUR CONTRAST PACK 2

- MSO Bespoke Paint
- Black mirror casings with painted pinstripe
- Front louvres – painted gloss black or in gloss visual carbon fibre*
- **Bespoke colour brake callipers**
- Front fenders and louvres – body colour painted (mandatory option)

18 week lead-time

COLOUR CONTRAST PACK 3

- MSO Bespoke Paint
- Black mirror casings with painted pinstripe
- Front louvres – painted gloss black or in gloss visual carbon fibre*
- Bespoke colour brake callipers
- **Bespoke interior trim***
- Front Fenders and louvres – body colour painted (mandatory option)
- Performance trim level (mandatory option)

18 week lead-time

NOTES

It is possible to “mix and match” exterior to interior colourway combinations without impact on lead time and price: e.g. Theme 7 exterior with Theme 6 interior, but one cannot split out elements of interior themes.

If unique additional details are requested, there may be an additional lead time and cost associated, depending on complexity of request.

Any other MSO Bespoke features that are requested in addition to these packs will be processed through the usual Idea to Fulfilment process, with prices as per price list.

For more details on the ordering process please refer to the MSO Bespoke Ordering Guide on MMS.

For more details on the prices, please see MSO Bespoke price list and MSO Bespoke Product Guide.

MSO PAINT THEMES

NEW MSO PAINT THEME SPECTRUM

A new 750S paint theme by MSO has been created to be available from launch.

750S Spectrum Theme by MSO features a linear transition of tonal colours on the door of the vehicle, in addition this there is a smooth subtle colour fade on the rear fender above the wheel arch so that the rear spoiler is always painted in the darkest metallic hue.

Inspired by the most popular paint theme “Velocity” featuring 2-paint fade, which was launched by McLaren Special Operations in 2017 on McLaren 720S. However, in comparison Spectrum features 7-paint transitions across the bodywork, most of which have been especially formulated for this application.

Spectrum has been developed in 3 colour variations for launch; grey, blue and orange.

Visualised designs are available line fit with no PBM (post build modifications), available with 18 weeks lead time, subject to MSO paint capacity.

Please note, more complex designs are subject to feasibility, testing and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: none

NEW MSO PAINT THEME

SPECTRUM BESPOKE INTERIOR

Each Spectrum Theme is available with a matching MSO Bespoke interior, selected to complement the chosen exterior colour.

Feel free to create your own version for that ultimate individual touch.

Stunning Bespoke Interiors include the finely crafted Headrest Embroidery, feature a Bespoke Dedication Plaque and Bespoke Painted Extended Visual Carbon Fibre Sills that feature Spectrum graded effect MSO logos.

Below is an example of MSO Bespoke Interior especially developed to complement 750S Spectrum Theme by MSO in Grey, featuring McLaren Orange and Slate Grey Alcantara.

Bespoke Interior design for Spectrum in Grey for consideration

MSO PAINT THEMES

VELOCITY

Launched by McLaren Special Operations in 2017 on McLaren 720S, Velocity paint theme has set the trend in bespoke automotive designs across the industry. It is still the most popular and iconic MSO paint theme across all McLaren vehicle lines.

Velocity paint theme is available in 3 configurations:

750S Velocity Theme by MSO: fade on the door

750S Velocity Theme by MSO: fade on the front fender and VCF bonnet [original]

750S Velocity Theme by MSO: fade on the rear fender

Visualised designs are available line fit with no PBM (post build modifications), available with 18 weeks lead time, subject to MSO paint capacity.

Please note, more complex designs are subject to feasibility, testing and additional lead times/costs.

LEAD TIME: 18 WEEKS

FEATURE RESTRICTIONS: Mandatory Options include Carbon Fibre Bonnet

RECOMMENDED SPEC

MSO PAINT THEMES

GULF OIL

Developed to celebrate an iconic partnership between McLaren and Gulf Oil, the official Gulf Oil livery can be ordered as a paint theme via MSO.

Gulf Oil Livery on 750S Spider: front

Gulf Oil Livery on 750S Coupe: front 3/4

Gulf Oil Livery on 750S Spider: rear 3/4

Visualised painted livery is available with 4 weeks post build modifications (PBM), and in addition to this the usual 18 weeks lead time, subject to MSO paint capacity.

Please note, more complex designs are subject to feasibility, testing and additional lead times/costs.

LEAD TIME: 18 WEEKS + 4 WEEKS PBM

FEATURE RESTRICTIONS: SEE NEXT PAGE

SPEC DETAIL

GULF OIL LIVERY

EXTERIOR MSO BESPOKE OPTIONS (MANDATORY)

- Bespoke Theme Paint
- Bespoke Calliper Colour: Gulf Orange with black printed McLaren logo
- Bespoke Painted Key

INTERIOR MSO BESPOKE OPTIONS (RECOMMENDED)

- Bespoke Stripe Centre band on steering wheel
- Bespoke Decorative Contrast Stitch with Headrest Embroidery/Debossing
- Bespoke Dedication Plaque
- Bespoke Painted Extended Visual Carbon Fibre Sills

EXTERIOR SERIES OPTIONS (RECOMMENDED)

- Carbon Fibre Front Fender and Louvres painted body colour

INTERIOR SERIES OPTIONS (RECOMMENDED)

- Visual Carbon Fibre Extended Sill Finishers - Satin Carbon Fibre
- Coloured Seatbelts in McLaren Orange
- Interior Trim Level: Performance

NOTE, the price of Gulf Oil Livery on the price list includes Gulf Oil exterior paint colours which can only be ordered as part of Gulf Oil Livery on 750S Coupe and Spider. The price is also inclusive of bespoke colour callipers (Gulf Orange) and Bespoke painted key with Gulf logo, as these are mandatory options. The price is also inclusive of a Gulf Oil Licencing Fee. If any deviations from the approved livery are requested, they will be subject to Gulf Oil approval. Please note that there is a price difference between Coupe and Spider variants, this is due to Livery on the Spider featuring the centre stripe running through the tonneau (but not the Visual Carbon Fibre Extended Upper Trim).

LEAD TIME: 18 WEEKS + 4 WEEKS PBM

FEATURE RESTRICTIONS: MUST ORDER LIVERY PAINT, BESPOKE CALLIPER COLOUR AND PAINTED KEY

MSO BESPOKE PROCESS

MSO BESPOKE ORDERING PROCESS

ORDERING YOUR BESPOKE MCLAREN

1. CONFIGURE CAR

Configure the car using the standard process – all series and MSO Defined options are selected on the portal.

2. SELECT MSO

Select the MSO box on the ordering screen prior to submitting the enquiry – this will create an 'unscheduled order'.

3. DESCRIPTION

Enter a brief description of the MSO Bespoke content/Contrast Pack you are requesting e.g. 'Colour Contrast Pack 3, Theme 9 Gloss Tokyo Cyan'. For additional or Bespoke content please follow up with an email detailing the content required, with any relevant imagery, to Specialoperations@mclaren.com.

4. ACKNOWLEDGEMENT

An automatic notification email is sent to the retailer, MSO and McLaren Commercial Operations, informing all parties of the new enquiry. If you do not receive this email within 24 hours of placing your order, please contact MSO.

5. MSO NOTIFICATION

MSO will get in touch about your enquiry in 2 working days to work with you to understand customer expectations/requirements.

6. MSO BESPOKE QUOTATION

MSO will provide an MSO Bespoke quotation for approval – by you and your customer. The Quotation will include details of any additional lead times and mandatory base Options (if applicable).

7. ACCEPTANCE

Confirm acceptance of the MSO Bespoke Quotation by signing, scanning and returning via email

BESPOKE ORDERING PROCESS

PRICING

Pricing for all Bespoke Options outlined within this guide will be issued separately. Any changes to pricing will be communicated by a central communication from your Regional Sales Manager.

Please contact specialoperations@mclaren.com for any queries regarding MSO Bespoke.

6
