01 INTRODUCTION TO MSO BESPOKE

INTRODUCTION

WHAT IS MSO BESPOKE?

We make the world's most individual supercars.

Beyond factory options, MSO Bespoke exists to fulfil customer inspiration for personalisation on the McLaren Artura.

This guide presents you with the options available for customers to shape their own unique McLaren Artura.

The opportunities for each option are clearly explained, alongside a typical lead time. Total lead times are determined by the longest lead-time item on the vehicle order from the date that your quote is accepted. If you are developing new materials and colours, lead times can increase.

Lastly, we have included an overview of the process of ordering MSO Bespoke content. This provides clarity on the key stages to set expectations with clients.

Should you have any further questions please contact us by email:

EXTERIOR OPTIONS

MSO BESPOKE PAINT – OVER 300 COLOURS

In addition to the factory and MSO paints available to order via the Retailer Portal, MSO Bespoke paints can be made available on request.

Over 300 unique paint colours are available, ready to apply to your McLaren Artura. See the colour table section of this guide for the complete list of available paints categorised by colour with a finish description and their individual “MCL code”. Alternatively, MSO can create new colours in our colour-to-match service. See the following page for more information on this process.

All pre-developed colours come in a gloss finish as standard. We also offer the majority of paint colours in a Satin Finish however, Satin finish paints are subject to increased lead times, capacity constraints and additional cost. Liquid, Colourstream/Chromaflair and Diamond paints require an extensive application process and should be treated as POA and are subject to capacity constraints and an increased lead time. MSO will advise you on appropriate lead times depending on the request.

Example detailed description: MSO Bespoke Galaxit Black Exterior Body Paint - Gloss - MCL/99628

LEAD TIME:
15 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
None

MSO BESPOKE PAINT COLOUR-TO-MATCH

With endless possibilities for Bespoke exterior paints, MSO offer a colour-to-match service. In the past, we have created exterior paints to match a vast variety of objects including hair dryers, handkerchiefs and even a pair of trainers. Please note, Bespoke paint developments may be subject to extended lead times and additional costs.

4 STAGE COLOUR-TO-MATCH PAINT PROCESS:

1. SUBMIT REQUEST

Contact special operations with details of the colour you wish to create or colour match.

2. PAINT DEVELOPMENT

Our paint craftsmen will work on creating a paint blend to match your exact requirements.

3. SAMPLE CREATION

MSO will send paint samples to the retailer for review alongside a quote for the paint – this process can take on average 2-4 weeks depending on the number of sample review loops required.

4. CUSTOMER APPROVAL

If the customer decides to proceed, this is added to the MSO Bespoke quotation for final approval.

VELOCITY PAINT FADES

We offer 2-tone velocity paint blends to Artura customers to inject extra dynamism to their cars aesthetic. 'Velocity' blends have become a hallmark of MSO's masterful paint team ever since the 720S Velocity Theme by MSO debuted at Geneva Motor Show in 2017.

The blend on the McLaren Artura is placed across the centre of both door panels and the price shown applies to the fade effect only. The base paint colour starting at the rear of the vehicle, is subject to a separate charge.

Colour combinations also need to be carefully considered, as paint properties and hues need to be well matched. Some tried and tested combinations are shown on the following page.

Example Detailed Description: MSO Bespoke Painted Velocity Blend, with blend split on the door panels with Memphis Red MCL/44574 (front) and Rubine Red MCL/496115 (rear)

LEAD TIME:
18 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:

MSO BESPOKE – PINSTRIPE PACK TWO

MSO BESPOKE – PINSTRIPE PACK TWO

CONTRAST PAINTED ROOF CANOPY

MSO Bespoke Contrast Painted Roof allows customers to select an alternative paint colour for the roof section. The McLaren design team recommended colours are Storm Grey (MCL/84610) or Silver (MCL/0111).

The contrast painted roof will assume the same paint finish as the exterior body unless otherwise specified e.g. if a satin paint finish is selected for the exterior, the roof will be in satin to match.

Additional colours from both the McLaren production and MSO palettes can be investigated subject to feasibility, increased lead times and additional cost.

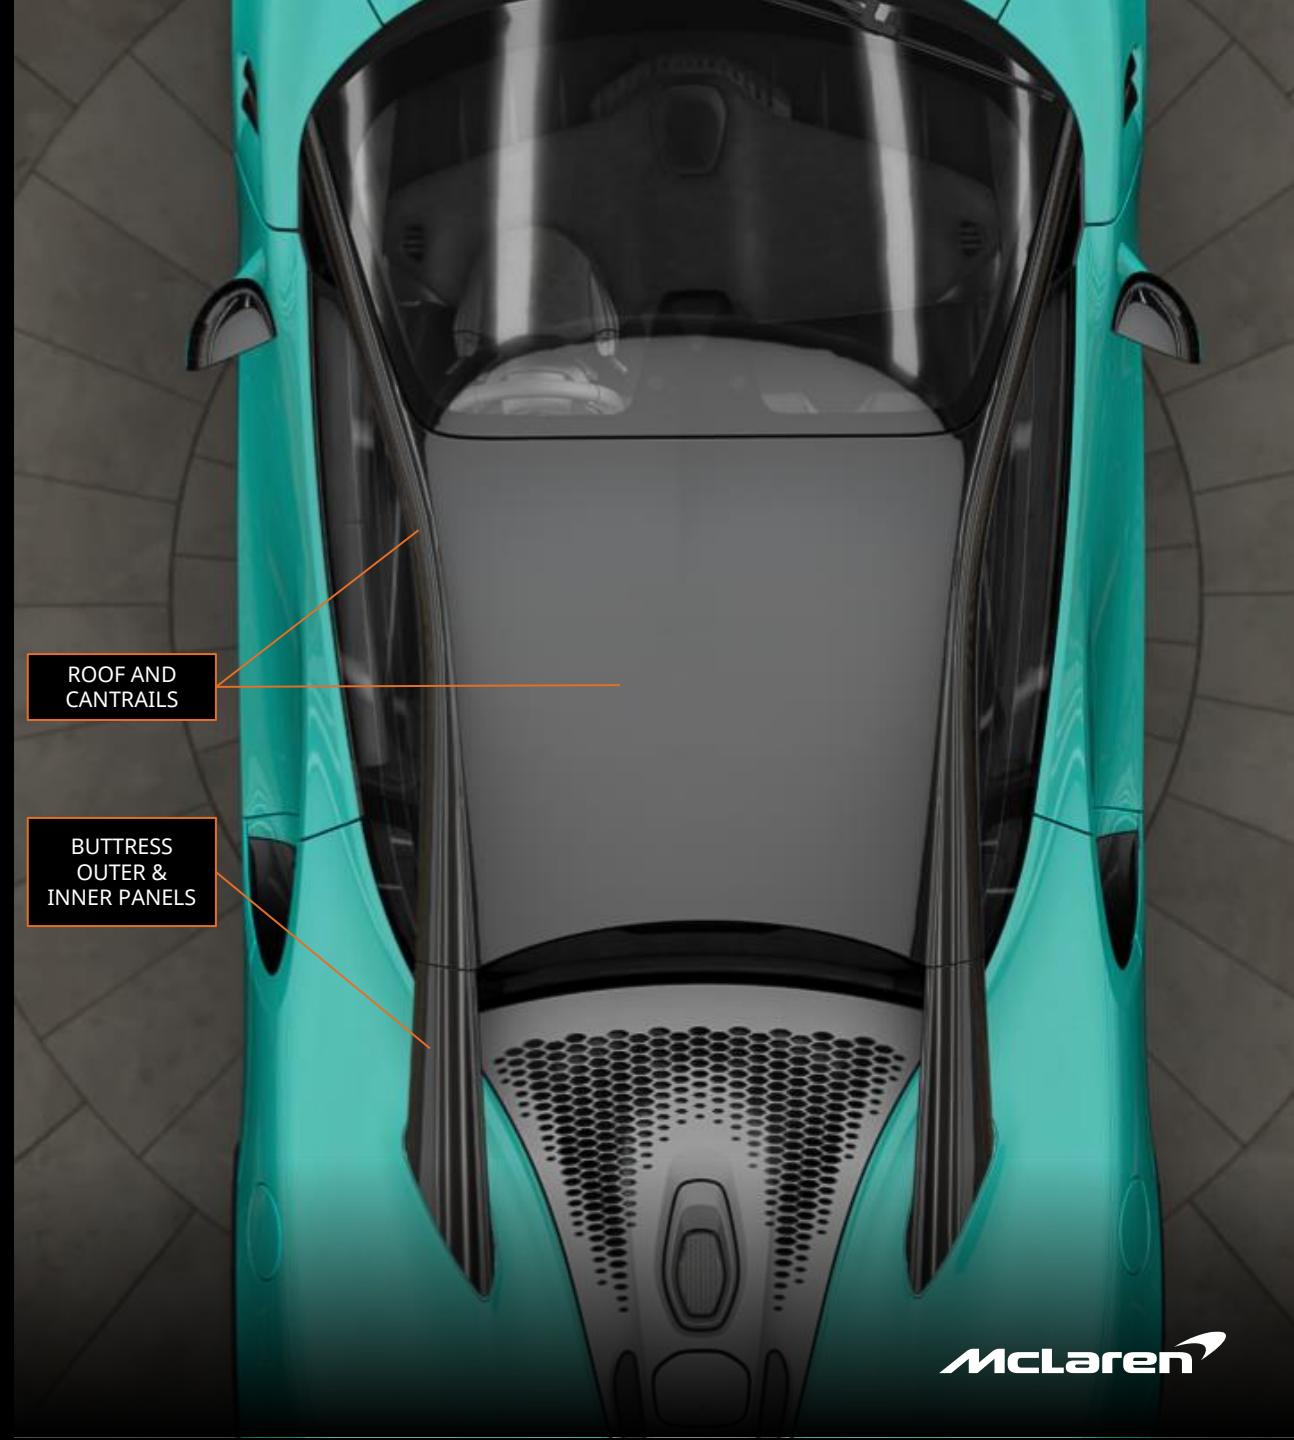

This feature is available to order via the MSO Bespoke process and can be supported within FOK -18 weeks lead time.

Example Detailed Description: Contrast Painted Roof Canopy in Gloss Storm Grey (MCL/84610)

LEAD TIME:
18 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
None

SATIN/TINTED EXTERIOR CARBON FIBRE

All exterior carbon components that are available on the McLaren configurator/portal come in a gloss finish as standard. Through MSO Bespoke, these can be offered in a satin and/or a colour tinted finish. The tint will be applied to all carbon selected by the customer unless specified otherwise.

EXTERIOR CARBON FIBRE

- Rear Bumper Lower & Diffuser (part of Exterior Carbon Fibre Pack)
- Front Splitter (part of Exterior Carbon Fibre Pack)
- Door Mirror Casings (part of Exterior Carbon Fibre Pack and standalone option)
- Front Fender Louvres (standalone option)
- Rear Spoiler (standalone option)

LEAD TIMES

- Satin finish FOK – 15 weeks
- Tinted finish FOK – 15 weeks

Please see the colour table section of this guide for a complete list of available carbon fibre tint colours. New tint colours can also be developed - subject to feasibility, testing and increased lead times.

Example Detailed Description: All exterior carbon fibre to be tinted gloss Nerello Red - MCL/456125

LEAD TIME:
15 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
Requires carbon fibre components selected on portal

MSO BESPOKE COLOUR CALIPERS

In addition to the brake caliper colours available to order via the Retailer Portal, MSO Bespoke caliper colours can be made available on request.

Over 50 pre-developed caliper colours are available to choose from and can be specified with either a screen-print (black or silver) or machined McLaren logo. Please see the colour table section at the end of this guide for a full list of available colours.

MSO also offer a colour-to-match service to develop new brake caliper colours to the customer's exacting requirements. This is subject to increased lead time and feasibility testing (minimum 21 weeks). Please contact MSO for assistance on all colour-to-match requests.

Example detailed description: MSO Bespoke Nerello Red Brake Calipers with Black Screenprint logo - MCL/0026

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

McLaren

MSO BESPOKE COLOUR WHEELS

A number of bespoke wheel options in a selection of colours can be specified through MSO. These options can either be applied individually or together. The minimum lead time for all bespoke painted wheel options is -15 weeks from FOK. Please note diamond cut wheel finishes cannot have an alternative wheel colour. See colour table section in this guide for further details on available colour options.

- MSO BESPOKE PAINTED WHEELS IN GLOSS OR SATIN - This option paints all wheels in a single colour in either a gloss or a satin finish. Lead time -15 weeks from FOK.
- CONTRAST PAINTED WHEEL BARREL - The option allows the selection of an alternative colour in the inner barrel section of the wheel to create a painted two-tone effect. Lead time -15 weeks from FOK.
- PINSTRIPED WHEEL EDGE - A painted ring of colour around the outer flange of the wheel creates a distinctive look. Please be aware that pinstriping will result in gaps in the outer perimeter on certain Artura wheel designs which may not be recommended. Lead time -15 weeks from FOK.

Additional colours and colour-to match services are also available. These may be subject to increased lead times, feasibility testing and costs. Colourstream painted wheels may be priced higher than other finishes due to complexity of application.

Example Detailed Description: MSO Bespoke Painted wheels in Gloss Nerello Red MCL/94564

LEAD TIME:
15 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

McLaren

03

INTERIOR OPTIONS

MSO BESPOKE INTERIOR TRIM

MSO offers you the opportunity to curate your Artura interior. Please see the colour table section in this guide to see the wide range of Nappa Leather or Alcantara colours available. This feature is available to order via the MSO Bespoke process and can be supported within FOK -18 weeks lead time.

To provide a truly bespoke service, MSO can investigate developing a customer's unique leather or Alcantara® colour request. Please note, all colour developments are subject to feasibility, durability testing and increased lead times.

Bespoke interior trims require the completion of a 'line drawing' to explicitly specify the material finish of each configurable interior component. This line drawing is available from MSO on request.

Fascia Uppers should remain in the default trim colour to reduce glare, however alternative colours can be investigated – subject to feasibility, testing and increased cost. It is also recommend that the centre tunnel section should remain in the default trim colours as the rear section of the centre tunnel (below the armrest), can not be changed.

Please note that ambient lighting is not available on the standard interior trim please advise MSO if you'd like ambient lighting.

Example Detailed Description: Bespoke Interior Trim – line drawing file submitted – standard interior trim selected, please apply ambient lighting.

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:

Fascia upper should remain as the base trim colour. Upper environment and windscreen rail available in Alcantara only. Front section of centre tunnel is available in leather only. Bulkhead, sill finisher and rear section of centre tunnel is not included.

McLaren

GLOSS/TINTED INTERIOR CARBON FIBRE

Interior carbon fibre components, which come in a satin finish by default, can be changed to a gloss or tinted finish through MSO Bespoke. The tint will be applied to all carbon components selected by the customer unless specified otherwise.

INTERIOR CARBON FIBRE

- Extended gearshift paddles (part of Interior Carbon Fibre Pack)
- Steering wheel clasp (part of Interior Carbon Fibre Pack)
- Door switch surrounds (part of Interior Carbon Fibre Pack)
- Central tunnel finisher (part of Interior Carbon Fibre Pack)
- Binnacle finisher (part of Interior Carbon Fibre Pack)
- Extended sill finishers (standalone option)

LEAD TIMES

- Gloss finish FOK – 15 weeks
- Tinted finish FOK – 15 weeks

Please colour table section of this guide for a complete list of available carbon fibre tint colours. New tint colours can also be developed - subject to feasibility, testing and increased lead times.

Example Detailed Description: All selected interior carbon fibre components to be gloss; AND tinted Nerello Red MCL/456125

LEAD TIME:
15 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
Requires carbon fibre components selected on portal

EXTENDED SILL FINISHER

Satin carbon fibre options shown – available in a gloss or tinted finish via MSO Bespoke

PAINTED BESPOKE BRANDING TO DOOR SILLS

The Carbon Fibre Extended Sills available in a satin finish on the McLaren configurator, can be customised to create a truly bespoke design. Customers can choose “MSO” or “Artura”. Additionally, you can challenge MSO with unique graphics and designs.

Painted bespoke branding is available in any colour from the production or MSO paint palettes. Please note the model logo colours cannot be changed from the official logo colours – except for white, black or silver. Paint must match the carbon finish i.e. satin paint on satin carbon or gloss paint on gloss carbon. Gloss carbon fibre is achievable through MSO Bespoke. If tinted door sills have been specified, the logo will be painted.

This feature is available to order via the MSO Bespoke process with the “MSO” or “Artura” graphics supported within FOK -15 weeks lead time. Complex designs are subject to colour development, feasibility and additional lead times.

Example Detailed Description: MSO Bespoke Painted Door Sills – MSO Logo painted Gloss Nerello Red MCL/94564

LEAD TIME:
15 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
Requires carbon fibre extended sills (orderable through the portal)

MSO BESPOKE CONTRAST STITCH

MSO offers clients a wide palette of contrast stitching colour options, to create a distinctive touch applied to all decorative stitch lines.

MSO can investigate any colour contrast stitch applied to decorative stitch lines within the interior. Please complete the line-drawing file to indicate the colour for each applicable contrast stitch location.

We also offer alternative character stitches, wherein you may specify to use any of the decorative stitch patterns from the Standard, Performance, TechLux or Vision stitch patterns.

Pre-developed colours can be supported within FOK -18 weeks lead time. New colour developments may be subject to feasibility and increased lead times.

Example Detailed Description: MSO Bespoke Harissa Red Contrast Decorative Stitch MCL/1735A – see line drawing file.

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
Applicable to all decorative stitch lines only

MSO BESPOKE CONTRAST PIPING

Through MSO Bespoke, there is the opportunity to change the piping colour on the interior trim to an alternative colour leather:

- Seats
- Door cards
- Floor mats
- Fascia

Piping colour changes can be made using Nappa Leather only. See the colour table section in this guide for the full list of available Nappa Leather Colours.

If the base interior is selected, piping is available on the seats only.

The lead time for this feature in pre-developed colours is -18 weeks from FOK.

*Example Detailed Description: MSO Bespoke Contrast Piping in Harissa Red Nappa leather
MCL/0303*

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
Nappa leather only

McLaren

COLOURED 12 O'CLOCK STEERING WHEEL MARKER

MSO Bespoke provides the opportunity for the discerning owner to select a 12 o'clock steering wheel marker.

A range of different colours can be selected for this option in either leather or Alcantara®. See colour table section of this guide for selection of colours available.

This feature is available to order via the MSO Bespoke process and can be supported within FOK -18 weeks lead time.

If desired, MSO can investigate a customer's individual colour request or add double or triple stripe bands to provide a truly bespoke service. New colour developments, or more than one stripe band are subject to feasibility, testing and increased lead times.

Example Detailed Description: Coloured 12 o'clock steering wheel marker in Harissa Red Alcantara MCL/2916

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

BESPOKE HEADRESTS IN DEVELOPED DESIGNS

MSO Bespoke Headrests are an effective way to add that special touch to your interior. Three core headrest applications are available through MSO Bespoke:

- Embossed Headrests – “MSO” logo
- Debossed Headrests – “MSO” logo
- Embroidered Headrests – “Artura”, “MSO” or “Speedmark” logo

Bespoke headrests are available to order via the MSO Bespoke process and can be supported within FOK -18 weeks lead time. Please view colour table section of this guide to see the selection of embroidery thread available for embroidered headrests – please note this has a different technical specification to decorative stitch thread.

Complex patterns, designs or new embroidery thread colour developments may be subject to additional lead times and costs. Supported on all available Artura seats.

Example Detailed Description: MSO Bespoke Embroidered Headrest – MSO Logo in Harissa Red MCL/1735A

LEAD TIME:
18 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

PAINTED CARBON FIBRE EXTENDED SHIFT PADDLES

The Carbon Fibre Extended Shift Paddles available in a satin finish on the McLaren configurator, can be customised to create a truly bespoke design.

The rear side of the paddle visible through the front windscreen, and the plus and minus symbols on the front of the paddle, can be painted in any colour from the production and MSO paint palettes.

This feature is available to order via the MSO Bespoke process and can be supported within FOK -15 weeks lead time.

Complex designs including pinstriping can also be considered, but please note that complex designs and any new paint developments are subject to feasibility, testing and additional lead times.

Example Detailed Description: Painted Carbon Fibre Extended Shift Paddles – +/- symbols and rear of paddle in Gloss Nerello Red MCL/94564

LEAD TIME:
15 weeks

WARRANTY:
5 years (exclusions apply)

FEATURE RESTRICTIONS:
Requires extended shift paddles (selectable on the portal)

BESPOKE ACCELERATOR & BRAKE PEDALS

Engraved accelerator pedals can be offered with “MSO”, “Artura” or “Speedmark” etchings.

Customers may also opt to select a single coloured finish for the accelerator and brake pedal from a set of available colours, see the colour table section of this guide for details. All colours come in a satin finish with the option to add the MSO logo in any colour for additional cost.

This feature is available to order via the MSO Bespoke process and can be supported within FOK -15 weeks lead time.

Complex patterns, designs or new colour developments may be subject to feasibility, additional lead times and costs.

Example Detailed Description: Engraved logo on accelerator pedal to say “MSO”

LEAD TIME:
15 weeks

WARRANTY:
5 years – engraving. 1 year – coloured
pedals (see exclusions page for detail)

FEATURE RESTRICTIONS:
None

McLaren

PERSONALISED DEDICATION PLATE

MSO Bespoke dedication plate is available for the McLaren Artura. Customers can choose the standard Artura prefix, or can challenge MSO with individual graphics, creating a truly custom-made touch to the interior.

This feature is available to order via the MSO Bespoke process and can be supported within FOK -15 weeks lead time. Please note that complex designs are subject to feasibility, testing and additional lead times.

Example Detailed Description: MSO Bespoke Dedication Plate – Change logo to say “Nerello Stealth”.

LEAD TIME:
15 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

3-POINT SEATBELTS IN DEVELOPED COLOURS

In addition to the McLaren Orange seatbelt (available on the portal), MSO Bespoke offers 3-point seatbelts in four colours: Blue, Red and Yellow.

The MSO coloured seatbelts are recommended by the McLaren Design team to complement a selection of interior colourways and accent colours (see table on the following page).

Please note that the red 3-point seatbelts are not colour-matched to the red 6-point racing harness.

This feature is available to order via the MSO Bespoke process and can be supported within standard MSO Bespoke FOK -15 weeks timeline.

Example Detailed Description: 3pt Seat Belts in Red

LEAD TIME:
15 weeks

WARRANTY:
5 years

FEATURE RESTRICTIONS:
None

MSO THEMES

MSO THEMES

INTRODUCTION

MSO has curated three all new exterior themes for the McLaren Artura, designed to inspire clients and to demonstrate the pinnacle of MSO's paint expertise.

Each theme is presented in a recommended colour combination with a suggested set of exterior options however, alternative colour combinations can be considered. Please note, any variations to the colour combinations presented in this guide will be subject to additional testing, lead times and costs.

Contact the MSO team for detailed pricing information.

T H E M E I

MSO THEMES

THEME 1

Raw and energetic, this MSO theme applies a bold, technical graphic across the front bumper and onto the doors. The recommended matching calipers continue this affect through the bodyside.

Three complementary colours were selected to create this graphic and a new MSO Bespoke paint was developed to match the theme: Nostromo Black.

MSO THEMES

THEME 1 - SPECIFICATION

MSO BESPOKE:

- Exterior Body Paint: MSO Bespoke Nostromo Black*
- MSO Bespoke Paint Detailing: three tone paint graphic applied to front bumper and door panels. Colours (all gloss):*
 - MSO Bespoke Green Ivy MCL/59661
 - MSO Bespoke Acid MCL/59680
 - MSO Bespoke Mantis MCL/5469
- Brake Calipers: Flux Green

RECOMMENDED FACTORY FEATURES:

- Carbon Fibre Pack in gloss finish visual carbon fibre:
 - Front Splitter
 - Rear Bumper & Diffuser

MSO THEMES

THEME 2

Dynamic performance.

Add drama with an asymmetric graphic detail in MSO Abyss Black and MSO Volcano Blue.

This graphic is applied across the front bumper, hood, front fender and finished at the rear of the car on the rear bumper section.

All factory options are selectable on the retailer portal when creating the order. To order this theme, tick the MSO box on the order form and reference the theme name in the description

THEME 3

MSO THEMES

THEME 3

Luxury meets modernity with this Artura theme by MSO.

Taking inspiration from our popular Velocity blends, this version highlights the sculpted front and rear fenders of the McLaren Artura.

Three carefully selected colours blend MSO Bespoke Graphite Grey body colour into MSO Lantana Purple and MSO Bespoke Cerulean Blue.

MSO THEMES

THEME 3 - SPECIFICATION

ORDERING PROCESS

MSO BESPOKE ORDERING PROCESS

Starting your bespoke journey with MSO is simple. Here's how it works:

1. CONFIGURE CAR

Configure the car in the standard way – all series and MSO line-fit options are selected on the portal.

2. SELECT MSO

Select the MSO box on the ordering screen – this will automatically make the order unscheduled.

3. DESCRIPTION

Enter a brief description of the MSO Bespoke content you are requesting e.g. "MSO Bespoke Galaxit Black Exterior Body Paint - Gloss - MCL/99628". Any image references should be sent to the specialoperations@mclaren.com email address. See following page for further guidance.

4. ACKNOWLEDGEMENT

An automatic notification email is sent to MSO and McLaren Commercial Operations informing the team of the new enquiry. If you do not receive this email, please contact MSO – specialoperations@mclaren.com

5. MSO NOTIFICATION

MSO will get in touch about your Bespoke enquiry within 2 working days to work with you to fully understand your customer's expectations.

6. MSO BESPOKE QUOTATION

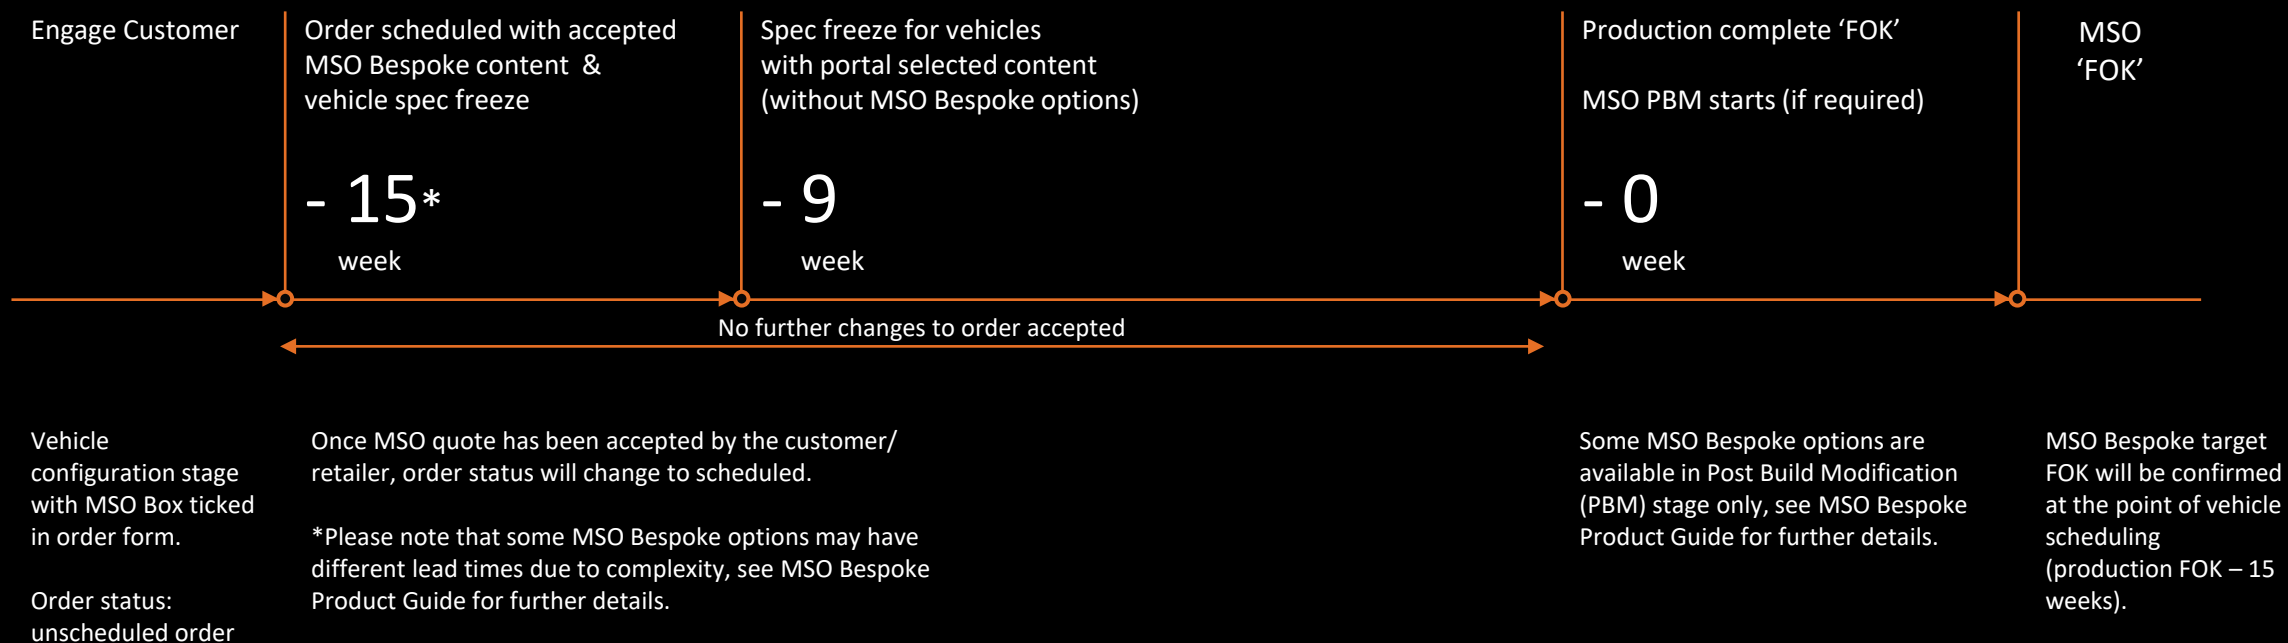

MSO will provide an MSO Bespoke quotation for approval – by you and your customer. The quotation will include details of any additional lead times if applicable.

7. ACCEPTANCE

Confirm acceptance of the MSO Bespoke quotation by signing, scanning and returning it via email.

MSO BESPOKE ORDERING PROCESS

TIMELINE

MSO BESPOKE ORDERING PROCESS

EXAMPLE DETAILED DESCRIPTION

The detailed description is the description of all of the MSO Bespoke features that you wish to investigate for the order. Once the MSO box has been selected within the order form on the retailer portal, the MSO free text box will open, this is where you will enter your detailed description.

A great detailed description improves clarity, reducing margin for error and can save time by negating the need for further questions from MSO to correctly quote against the brief. The detailed description on the right is an 'ideal' example. Here's why:

1. Clearly separated, numbered requests
2. Each line is a concise, clear description of the bespoke feature
3. Finishes clearly specified (gloss/satin) where applicable
4. Material colours identified with names and specific MCL code references

Don't worry if you can't provide the detailed description with all the correct MCL codes, or names. Perhaps you're investigating a new material or exploring more unique paint applications and need to be more descriptive or abstract, the MSO team are always available to support.

Bespoke interior trims require the creation of a 'line drawing' file to specify the material and colour finishes across the interior – this will be submitted independently of the order form, directly to MSO.

EXTERIOR BESPOKE FEATURES:

1. MSO Bespoke Galaxit Black Exterior Body Paint - Gloss - MCL/99628
2. Exterior Carbon Fibre - to be tinted gloss Nerello Red - MCL/456125
3. MSO Bespoke Nerello Red Brake Calipers with Black Screenprint logo - MCL/0026

INTERIOR BESPOKE FEATURES

5. MSO Bespoke Interior Trim – line drawing file submitted – standard interior trim selected, please apply ambient lighting
6. MSO Bespoke Harissa Red Contrast Decorative Stitch MCL/1735A – see line drawing file
7. MSO Bespoke Embroidered Headrest – MSO Logo in Harissa Red MCL/1735A
8. Coloured 12 o'clock steering wheel marker in Harissa Red Alcantara MCL/2916
9. Interior Carbon Fibre - components to be gloss; AND tinted Nerello Red MCL/456125
10. MSO Bespoke Painted Harness Bar – Satin Nerello Red MCL/94564 with Satin Carbon Black MSO Logo MCL/9211
11. MSO Bespoke Painted Door Sills – MSO Logo painted Gloss Nerello Red MCL/94564
12. MSO Bespoke Dedication Plate – Change logo to say "Nerello Stealth"

MSO BESPOKE PRICING DISPLAYED ON THE MODEL PRICE LIST

- Pricing for all bespoke options outlined within this guide will be included in the main price list and have been issued separately. Any changes to pricing will be communicated by a central communication from your McLaren Regional Sales Manager.
- All items require a quotation through MSO. We aim to respond to queries with pricing, lead time and feasibility within the timing set out in the Idea-to-Fulfilment (ITF) categorisations communicated within the acknowledgement email. This time is additional to the lead time of the feature.
- Please contact specialoperations@mclaren.com for any queries regarding MSO Bespoke.

5-YEAR WARRANTY EXCLUSION DETAIL

The majority of MSO Bespoke options align to the vehicle warranty of 5 years however, some exclusions apply:

SELECTED MSO BESPOKE PAINTS & TINTS – 3 YEARS

A small selection of MSO Bespoke paints and tints come with a limited warranty of 3 years. This limited warranty applies to all methods of paint application in any area of the vehicle e.g. paint detailing and full body painting.

SATIN FINISH PAINTS – 5 YEAR (WITH CONSIDERATIONS)

Satin paint finishes require specific care instructions that must avoid polishes/waxes. Recommendations can be provided on request.

COLOURED ACCELERATOR & BRAKE PEDALS – 1 YEAR

Limited warranty is offered on the painted accelerator and brake pedals option.

GLOSSARY OF TERMS

MSO: Acronym for McLaren Special Operations – McLaren’s bespoke division.

Factory Options: Non-variable, line-fit options available to configure directly onto the car on the order form. Visible on the McLaren configurator – online and showroom. This includes a small selection of MSO paint options.

MSO Bespoke Options: Highly variable bespoke options that require a brief to MSO in the form of a ‘detailed description’ on the car’s order form. MSO will respond to the brief with a quote, confirming feasibility, cost and lead time as outlined in our ITF (Idea-to-Fulfilment) service level agreement – if necessary they will respond with further clarifying questions to confirm the brief outlined in the detailed description.

Detailed description: Free-text box that generates in the order form once the MSO box is ticked. This is where you provide a clear brief to MSO for your order’s MSO Bespoke options.

MCL Code: This is a unique identifier for a pre-developed paint or material colour that can be really useful to include in detailed descriptions in combination with the paint or material name to confirm the choice. New colour or material developments won’t have a code yet, so there is no need to include – these will generate after the development process concludes.

Idea-to-Fulfilment (ITF): Is MSO’s service level agreement (SLA), which outlines the expected time for MSO to respond to requests for bespoke content with a confirmation of feasibility, lead time and cost. ITF is tiered dependent on the type of request and level of complexity, detailing different expected response times based on your brief.

McLaren Marketing Suite (MMS): Contains all MSO Bespoke product guides, and several photographic and video examples of MSO Bespoke content

MSO Line Drawing Tool: An excel file that helps specify interior trim selection to support the MSO quotation process. This line drawing is available from MSO on request.

Unscheduled order: Every MSO Bespoke order becomes unscheduled once the order form is submitted with the MSO box ticked. This allows time for MSO to respond to the bespoke request, provide a quotation and confirm acceptance or rejection from the retailer. Once the MSO quote is signed and accepted, the car then becomes scheduled.

Lead Time: the lead time for a bespoke order is defined by it’s longest lead time feature, and indicates the length of time until the car FOKs once the order is scheduled. PBM time, when applicable, is additional time post FOK that the car requires modification before completion (MSO FOK).

Factory OK (FOK): The point at which the car finalises production at MPC ahead of shipment to the retailer or ahead of further bespoke modifications (PBM) at MSO.

Spec Freeze: The point at which a scheduled order is no longer changeable. This time is presented as a negative value indicating weeks from FOK (i.e. – 9 weeks). There is an earlier spec freeze for MSO Bespoke content in comparison to factory options due to the longer MSO Bespoke lead times.

Line-fit (LF): Certain MSO features can be prepared ahead of production and fit on the line at MPC with no increase to production lead times. Each bespoke item will be assigned LF or PBM within the bespoke quotation to indicate the production route.

Post Build Modification (PBM): Certain bespoke items may need to be applied at MSO after the car completes production at MPC – resulting in an increased lead time. Each bespoke item will be assigned LF or PBM (indicating the increase in lead time) within the bespoke quotation to indicate the production route.

Price on Application (POA): Certain Bespoke features can only be priced on application due to capacity and complexity constraints.

CHANGE LOG

VERSION	DATE	CHANGES MADE
1.0	December 2020	- Initial release.
2.0	February 2021	- Published version. Lead time detail and ordering timelines added, added images, new caliper colours added, pinstripe packs added.
3.0	February 2021	- Corrections to calipers page. Warranty statements updated. Added additional images throughout including images of pinstripe packs. Pinstripe page updated. Added further clarity around what is included in the listed lead times for sills, headrests, dedication plate, pedals. Added additional detail regarding line drawings to Bespoke Interiors page. Added wheel finish colour options page.
4.0	June 2021	- Re-issued in line with MY 22 updates. Includes contrast piping and provides further detail on colour availability. New page demonstrating contrast painted wheel barrels and pinstriped wheel edges. Includes options overview page.
4.1	September 2021	- Inclusion of 5-year warranty information, confirmed within the 'Introduction to MSO' section and each subsequent feature page.
5	April 2022	- Numerous updates made in line with MY23 – including: provision of full list of available trim colours and MCL codes, updated onto new McLaren brand template, further guidance on best-practice detailed descriptions, addition of glossary of terms. MSO Themes and Velocity paint fades added.
